

30 ULSTER MEN TO ENTRAIN AUG. 7

August Calls Will Be Heavy—New York State Must Furnish 30,000 White Men—List Not Ready Yet.

Local board for Divisions 1 and 2 of Ulster county will have to provide a total of 30 men for mobilization August 7 to Fort Slocum, New Rochelle, N. Y.

Board 1 will have to provide 16 men; board 2 will have to furnish 14 men.

White men physically qualified for general military service, class 1 men, will be sent under this call.

The instructions say that 1918 registrants may be selected if the 1917 class is exhausted.

Some of the 1918 registrants will be called out by the local boards under this call.

The men will leave on the West Shore 9:05 a. m. train. On this same train 14 men will entrain at Catskill and 12 at Haverstraw.

The schedule calls for the arrival at Fort Slocum at 1:45 p. m.

Regarding calling men engaged in farming, the following instructions are given:

"Directions heretofore given that you pass over the farmers who at this date are and have been continuously engaged in agriculture and defer their entrainment should be complied with, but you must use your best judgment and if it is necessary to entrain farmers to send only such as will least interfere with food production and whose absence will least interfere with agricultural necessity."

Heavy Calls This Month.

This is the first of this month's call received by the local board for white men for general military service. The white men sent Thursday by board 2 were to fill that board's quota from the last entrainment.

The local boards will have to furnish a large number of men during August. Although this is the first definite call, a bulletin received by the boards some time ago stated that this state's quota for August would be about 30,000 white men and a proportionate number of colored men.

Palmer Has Seized Half Billion In Teuton-Held Properties Here—Cash Goes Into Liberty Bonds.

By Telegram to The Freeman.

New York, Aug. 2.—Half a billion dollars in property and money, owned by enemy aliens throughout the United States, already has been taken over by A. Mitchell Palmer, alien property custodian, according to a statement issued today by Francis P. Garvan, his local representative.

Every dollar in cash taken by Mr. Palmer, and every dollar realized from the disposition of enemy owned property, goes to purchase Liberty Bonds, \$42,970,027 being invested in this way.

This makes Mr. Palmer the largest individual purchaser of war bonds in this country.

The total number of enemy owned properties taken over by Mr. Palmer to date is 23,405 of which 13,765 are now being operated by trustees of his appointing.

According to the statement, there is on deposit in the United States treasury close to \$3,000,000 of enemy owned money for the purchase of bonds of the next liberty loan.

MAYOR ENDORSES RODIE'S CLASS

Points Out Advantages of Preliminary Training Which Become Pointedly Apparent to Draftees When They Reach Camp—New Class.

Kingston, N. Y., August 1, 1918. Robert R. Rodie, Kingston, N. Y.

My Dear Mr. Rodie:—

I desire to endorse your movement in giving all young men of draft age the opportunity to obtain the beginning of a military training before leaving Kingston.

I am informed that many who availed themselves of this opportunity during the past became non-commissioned officers shortly after their arrival at camp because of the advantage they had over others who had not been fortunate enough to have had this preliminary training.

I personally know of some of them who have become commissioned officers, and they give credit to the training received here under your leadership as the basis for their quick advancement.

I understand you are starting another class and that drills and instructions will be held and given on Friday evening at the armory and on each Tuesday and Friday thereafter.

Everyone who is apt to be called for service should certainly take advantage of this chance to obtain systematic military instruction and drilling. Each of them must go through a prescribed course after reaching the cantonment to which they will ultimately be sent.

If they partly obtain the methodical military tuition of mind and body before going which they must finally receive, their respective chances for immediate advancement will be greatly increased.

This is borne out by the advancement of those who were sufficiently interested in themselves in the past to obtain a certain amount of military proficiency before going by attending these classes.

I know of no other city in this section of the state where the boys have a similar opportunity. They deserve every chance which can be given them. I sincerely hope they will take advantage of it in great numbers. You are to be complimented for initiating this movement and for the good work you are doing and have done.

Sincerely,
PALMER CANFIELD, JR.

CONTINUOUS ALLIED GAINS IMPERIL GERMAN FORCES

Present Advance Most Important Strategically Since Allied Push Began—Germans Backing Out of Pocket Before Allied Blows—Prisoners Now Total 35,000.

The new Allied advance, which began between the Aisne and Marne rivers yesterday and has continued ever since, has put the whole German front between Fere En Tardennois and Ville En Tardennois in peril.

French, American and British troops are striking over a wide front along the western flank and the lower side of the German salient, gaining from one to more than three miles and increasing the total number of German prisoners since the beginning of the counter drive on July 18 to about 35,000.

That another immediate German retreat—perhaps all the way to the Vesle river line—is inevitable, is strongly indicated by the developments of the past 24 hours.

Between Soissons and the Ourcq river the Allies have drawn tighter the neck of the "pocket" through which the Germans are retreating and have made important progress in the encircling movement against Soissons itself. The Ourcq watershed was wrested from the Germans along with commanding heights along the Launois sector, as well as the villages of Cramoisielle, Cramaille, Courdeux and Severny.

A small German salient that bulged into the Allied front in that area was wiped out and the French and British pushed their lines well down the northern slopes that dominate the valley of the Crise river.

The fighting continued into the night, the French war office in its communique today stating that "fresh progress had been made."

At last accounts the Allied battle line in that zone was a bare six miles from the Vesle river, while heavy pressure continued in the direction of German-held railway junction at Bazoches and the German base at Fismes.

(Allied air observers reported on Thursday that Fismes was in flames, but whether it had been set afire by Allied shells or was being destroyed along with German supplies, by the Germans themselves was not known.)

On the lower side of the rapidly diminishing German salient, the French have captured Gouzancourt, following the fall of Meunier wood to the Americans.

Gouzancourt lies immediately northeast of this wood. The town itself is five miles southeast of Ville-En-Tardennois, and nearly ten miles southeast of Fere-En-Tardennois.

The territory about Gouzancourt is covered with a network of highways, which are being taken in the Allied rush.

Military experts regard the present advance by the Allies as one of most important since the beginning of the German retreat from the Marne river. Its value does not lie so much in ground gained as the strategic advantages which it gives the Allies in compelling the Germans to retreat still further over a wide front.

Each had a bullet wound in the right temple.

Murder and suicide, or double suicide, is voted by the police and Medical Examiner Pritchett, to be back of the dual tragedy.

FRENCH CAPTURE KEY POSITION

By Telegram to The Freeman.

London, Aug. 2.—(1 p. m.)—The most important Allied advance since the German retreat started on the Marne was made when the French captured the Ourcq-Aisne watershed, it was learned here this afternoon.

The Allies advanced to a maximum depth of three miles over a front of five miles between Le Plessiere Heleu and the Aree wood.

The French captured Gouzancourt, the French and British pushed their lines well down the northern slopes that dominate the valley of the Crise, where reserves of German infantry and field artillery were held.

The Allied advance extends in a northeasterly direction tightening the "pocket" south of the Aisne-Vesle line, through which the Germans are retreating and which must be held open if the whole German front is to be maintained.

It was difficult today to see how the Germans could avoid an early retirement to the Vesle.

The situation on the whole western front is now satisfactory to the Allies and there is every reason to believe, it was authoritatively declared here today, that Foch's counter offensive is the turning point of the summer campaign and possibly of the war itself.

RECORD DAY FOR AMERICAN AIRMEN

Eight German Machines Knocked Down From Famous Richthofen Squadron—One American Gets Three.

By Telegram to The Freeman.

With the American Army at the Marne, Aug. 1.—(Night.)—Eight German aeroplanes were today shot down by American aviators—Lieut. Donald Hudson of Kansas City destroying three of the enemy machines within five minutes.

It was a record day for the Americans. One German machine each was downed by Ivan A. Roberts of Massachusetts; Rufus Nevins of Los Angeles; Robert Z. Cates of Spartanburg, S. C.; Harold Buckles of Manchester, N. H.; and Jerry E. Vasconcelis, of Denver.

Two German observation balloons were set on fire by aviators William E. Brotherton of Guthrie, Ill., and L. E. Holden of New York.

American pursuit squadrons during the morning met the late Baron Von Richthofen's "checkboard" Esquadron, so named because of the insignia used by them. The eight victims were all from this organization.

Lieut. Hudson set a new mark for American airmen when he downed three German planes in five minutes. He was attacked by eight Fokkers in the vicinity of Fere En Tardennois. Hudson sent down one of his adversaries while the others scattered. Then Hudson engaged a pair of two seater observation machines, shooting them both down a few seconds apart.

In the meantime, however, the two seaters had "shot up" Hudson's aeroplane to such an extent that he had to return to his base.

The enemy has reinforced his airmen on the Marne salient during the past 24 hours.

BOYS IN CAMP WANT HOME NEWSPAPERS

Y. M. C. A. Secretary at Camp Dix Appeals to The Freeman for Aid, and of Course, Gets It—An Opportunity for Real Service.

Frank R. Corwin, Secretary, Y. M. C. A. Tent B, Camp Dix, N. J., has written The Freeman stating that there are between 400 and 500 men in camp from Kingston and vicinity and asking if a few copies of The Freeman can be sent to him occasionally for the use of these men. The boys, he says, appreciate the home papers very much.

The Freeman has responded not only by sending a few papers occasionally, but by sending regularly as large a package as it feels it can afford to, but it is manifestly impossible for The Freeman to supply papers enough for 500 men in Camp Dix, in addition to the papers it is sending to other camps. Under the new rules of the war industries board it is forbidden to send free papers to individual soldiers not among the 10 Freeman employees now in the service, but it may send free papers to the Y. M. C. A. and it was because of this opportunity to continue to do its bit toward making the life of our Ulster county boys in the service more pleasant.

Some time ago a movement was inaugurated here to collect newspapers and send them to the camps. This is still being done and the number of individuals and should be continued. But the surest way to have your soldier or sailor friend receive a home newspaper is by subscribing for it and having it sent to him regularly. The Freeman hesitates to mention this—it does not care to urge anything that even remotely resembles an attempt to make a war profit, and indeed under the new postal rates there is no profit in papers sent very far from home—but it feels that the case of the boys in the camps who hunger for news from home should be presented. No better way to give them a little sunshine can be followed than by supplying them with home newspapers, not necessarily with The Freeman, but with whatever home paper they prefer. If you doubt this, write them and ask them about it.

London, Aug. 2.—(1 p. m.)—The most important Allied advance since the German retreat started on the Marne was made when the French captured the Ourcq-Aisne watershed, it was learned here this afternoon.

The Allies advanced to a maximum depth of three miles over a front of five miles between Le Plessier Helou and the Aisne river.

The French captured Gouzancourt. The French and British pushed their lines well down the northern slopes that dominate the valley of the Crise river, through which the Germans are retreating and which must be held open if the whole German front is to be maintained.

It was difficult today to see how the Germans could avoid an early retirement to the Vesle.

The situation on the whole western front is now satisfactory to the Allies, and there is every reason to believe, it was authoritatively declared here today, that Foch's counter offensive is the turning point of the summer campaign and possibly of the war itself.

CALL HEALTH BOARD

If Willing to Allow Horsemen to Use Outside Tap.

Owing to the outbreak of glanders in Kingston all public drinking fountains have been closed, as related in The Freeman at the time, and the city authorities make the request that all property owners residing near the fountains, who have outside faucets used for attaching garden hose, and who are willing to allow horsemen to draw water from the faucet, to send in their name and address to the health board. These names and addresses will then be furnished to all who drive horses.

Aged Mason Celebrates.

Bristol, Conn., Aug. 2.—W. H. Nettleton of this city, who has just celebrated his ninety-third birthday, is thought to be one of the oldest Masons in the country and probably the oldest in this state. He has just celebrated his sixty-fifth anniversary of his entrance into Pequot Chapter of the Masonic order in this city.

Action Discontinued.

IN THE SERVICE OF OUR COUNTRY

By Telegram to The Freeman.

Greenfield, Mass., Aug. 2.—Clifford C. Wright, a young married man of this town, was found shot dead, sitting at the wheel of an automobile on the Sunderland Bridge over the Connecticut river, with Miss Hazel Turner, of Turners Falls, shot to death on the floor of the bridge beside the car.

Each had a bullet wound in the right temple.

Murder and suicide, or double suicide, is voiced by the police and Medical Examiner Pritchett, to be back of the dual tragedy.

BEARSVILLE.

Bearsville, Aug. 1.—Mr. and Mrs. Frederick Happy and brother of Wittenberg spent Sunday with Mr. and Mrs. Thomas Shultis.

Mrs. Isabelle Winch of Brooklyn is spending an indefinite time at the home of Paul Shultis.

Edgar Short and mother of Wittenberg and Mr. and Mrs. Hartford Rey-

nolds and son, Lewis, of this place, motored to Napanoch Tuesday where they attended a farmer's meeting.

Mr. and Mrs. James A. Shultis are receiving congratulations over the arrival of a baby girl.

Shaffer Vredenberg and Irving Lasher spent in Napanoch.

Francis Baker and Dorothy Brown of Tarrytown are spending an indi-

nite time at the home of Mrs. Almira Shultis.

Mrs. Charles Shultis spent Monday afternoon in Woodstock.

Myra Lasher and guests spent Wednesday evening with Mrs. Charles Shultis.

Miss Alberta Shultis of Wittenberg called on Edythe Shultis Wednesday afternoon.

WHY THE BABIES SHOULD BE WEIGHED

Some people may be surprised that five million and more babies have been entered in the weighing and measuring test without any one taking a mother by the hand and saying firmly, "You must. Uncle Sam says so."

The children's bureau of the U. S. Department of Labor was surprised too, that so many parents wanted to have their babies weighed and measured. The response to the test entirely out ran its highest estimates. But it was not because any one shook a finger at the millions of children in the United States, and said "You've got to let us know how much you weigh, and how tall you are."

The children's bureau believes that parents always want to do the thing that will enable them to be wiser parents; that they always want to do the thing that will help their children to be better and stronger.

The mothers and fathers of the country have responded with very definite decision to the children's year appeal to work now in war time for a healthier childhood, because "the health of the child is the power of the nation." The children's bureau urges that each community see to it that the parents shall not have had their children weighed and measured in vain, but that they organize such permanent work for the protection of children as will not only save the lives of the hundred thousand children to be saved during children's year, but will make their lives worth living, because the community sees that they have a fair chance of health, education and happiness.

VICTORY MENUS.

These menus, planned to conserve time labor and money, to save the foods that are scarce and use those of which there is an abundance, are Victory Menus in more senses than one. They are prepared by the Department of Home Economics of the State College of Agriculture and endorsed by the New York State Food Commission.

Saturday.

Breakfast—Stewed apples; rolled oats with top milk; corn bread; soft cooked eggs; coffee.

Lunch or Supper—Fish and potato

doaf; buttered beets; wheatless bread; gingerbread with whipped cream.

Dinner—Lima beans with pimento; cabbage (left-over) salad; brown bread; baked fruit whip with boiled custard.

*May be omitted and still leave a balanced meal.

Milk for the children to drink at each meal.

One again apples are with us. No returning prodigal is ever more welcome than this most popular of all fruits. Make the most of the apple.

Fish and Potato Loaf.

Line a greased bread pan with a 1-inch layer of mashed potato. Pack snugly into the cavity 1½ cups of cooked fish seasoned with salt, paprika, celery salt, melted butter, 2 tablespoons grated cheese, and moistened with tomato juice. Cover the dish with a layer of mashed potato pressed down smooth. Cover the mold and steam it for 30 minutes. Turn in on to a hot platter and pour white sauce around it.

Lima Beans With Pimento.

Put a layer of boiled lima beans into a greased baking dish. Sprinkle with salt, pepper and bread crumbs. Over several such layers pour medium white sauce, to which has been added chopped pimento. Sprinkle with buttered crumbs and bake in the oven until the crumbs are brown.

Recipes for any of the dishes in these menus which cannot be found in cook books, may be had by writing to the Department of Home Economics, State College of Agriculture, Ithaca, N. Y.

PALENTOWN.

Palentown, Aug. 1.—Those from this place who attended the public installation at the Odd Fellows' Hall at Olive Bridge were Mr. and Mrs. Virgil Barringer, Alonzo Haver and John Feltnant. A very pleasant evening was spent by all present.

Mrs. Joseph M. Lennon and children spent Sunday night and Monday at the home of her mother, Mrs. Harvey Barringer, at Samsonville.

Two rattlesnakes were killed in this place on Monday; one by Mrs. Lavina Markle on the road near her house and the other by Charles Henderson.

Harry Coons and son, David, spent Saturday night at The Vly. His mother, Mrs. James Coons, accompanied him home, where she expects to spend some time.

The Misses Grace and Carrie Lennon of Accord are spending their vacation with relatives in this place.

Virgil Barringer has finished his haying and is now helping his brother, Asa, and George Van Kleek at Samsonville Heights.

Freeman Roosa called at Oren Lee's on Tuesday.

The rain on Tuesday was a very welcome visitor.

Mrs. William P. Dymond recently called on Mrs. T. Roosa.

Those who recently gathered at the home of Mr. and Mrs. Harry Coons, where ice cream was served in abundance, were the Misses Grace and Carrie Lennon of Accord, Mrs. James Coons of Tillson, Alfred Palen, wife and son, David, Mr. and Mrs. Freeman Roosa, Mr. and Mrs. Virgil Barringer, George E. Lennon, Joseph M. Lennon, Burton and Dorothy Barringer of this place.

Mr. and Mrs. Elmer Barringer recently spent a day with Mr. Barringer's mother, Mrs. Zadock Barringer, who is home at present from Kingston, where she has been in the sanitarium for some time. Mrs. Barringer is not gaining as fast as her friends would wish to see her.

Mrs. Edith Cutler, who has been away for a few days, has returned again.

John Terwilliger and son, Wilson, of Mombacuss were in this place on Tuesday.

Painless Dentistry

The difference between painless and painful dentistry depends upon the carefulness and skillfulness of the operator. With good instruments, fresh medicines, local anaesthetics and nitrous oxide gas a careful and skillful dentist can perform all operations painlessly, even to the extraction of teeth.

Painless methods, earnest endeavor and reasonable prices have in thirty years, made the Cady Dental Corporation the largest dental organization in New York state.

WILL CONTROL ULSTER LABOR

Central Station at Newburgh to Control Recruiting of All Unskilled Workers in Four Counties—To Stop Migration—14 Districts in New York State.

Commencing August 1st all Ulster county unskilled workers were put under the control of a district labor board with a central station located at Newburgh which stations covers Ulster, Sullivan, Orange and Rockland counties. This was arranged for at a state gathering of manufacturers and representatives of commercial bodies in the office of the state director of labor employment in New York Tuesday.

Fourteen Districts in State.

Under the government plan to control all unskilled labor New York state has been divided into 14 labor districts and in each district the government will create a district community board which will be the governing body of the laboring situation. Each board will have three members—one federal employee, one a representative of the employers and one a representative of the workers.

To Control Unskilled Labor.

After August 1st employment agencies which accept a fee for their services will be entirely eliminated by the government and manufacturers, except in rare instances, will not be allowed to go into the open market and bid for unskilled help. They must apply for men to the agencies of the United States Employment Service, which is to have absolute control of the labor market.

To Stop Migration.

Although the plan at present is to control the employment of unskilled labor, the maximum war production will require that skilled labor ultimately come under the same control. Migration of labor from state to state practically will be halted.

The government has work today for 400,000 more men than it can get. Under the government plan the available labor in each district will be distributed equally among the manufacturers in the district who are engaged in essential production.

No Special Inducements.

It will not be permissible after August 1 for any manufacturer to advertise any special inducements in order to get help. It will be their duty to apply to the district board and such decision as may be required will be binding on both the employer and the employee.

Board May Draft Labor.

The local community board will act as it seems best to the greatest number. Employers must be willing to sacrifice as the board may direct, and co-operation must be the watchword. If a manufacturer requires 200 men and there are but 150 available, it will be the privilege of the commission to draft 50 men from some one of the other industries that can supply the men required, attention being paid to the essential industries as against the non-essentials, the former having the preference. The plan is to secure for the government the greatest amount of output from the number of men available, which number has been reduced by taking into the military service men of draft age, and those who are within the military age, younger and older than the selective list.

Manufacturers to Meet.

Frank H. Young, secretary of the Newburgh Chamber of Commerce, was directed at the New York meeting to notify every manufacturer in the four counties assigned to the Newburgh district to meet at a convention to be soon called at which they will elect from their number an executive committee of seven to select one representative of the manufacturers on the District State Commission. The notice to the manufacturers is imperative in its character and will be respected by all.

The state body thus formed will have supreme control of all employment branches at present in charge of the laboring classes, and will act in an advisory capacity for all others. Among others that will thus become subsidiary to the state body will be the Agricultural Labor Bureau of which George B. Lyndman was recently designated the local executive.

Chambers of Commerce To Help.

Chambers of Commerce everywhere will be called on to place at the disposal of the government such of its facilities and office force as may be required to carry out the work of the commissions.

SAWKILL.

Sawkill, Aug. 1.—St. Wendelin's Church, Ruby, Sunday, August 4—Mass and sermon, 8 a. m. St. Ann's Church, mass and sermon, 10 a. m. Rev. George J. Vaeth, rector.

The Sawkill Club and the Kingston Centrals are preparing to give the community a surprise, with a grand entertainment to be held on Thursday, August 15, followed by an ice cream social. A very precious door prize will be awarded.

The Misses Nancy, Jennine and Sarah Carroll, Nellie O'Brien, Mary O'Brien, Alice Callahan and Catherine Shortell were recent visitors at their homesteads.

ST. REMY.

St. Remy, Aug. 1.—The katydids have arrived, which reminds us of cool weather. Simon Van Vleet and son, Lewis, are at Dutchess county threshing grain for the farmers with their gasoline engine.

Walter Kuhaupt visited friends in this place the past week.

The recent rain was very welcome as it was so much needed at the time. Luther Freer has been laid up for a few days with an abscess in his throat.

Several from this place attended the farmers' picnic at Napanoch on Tuesday and reported a big time.

BEARSVILLE.

Bearsville, Aug. 1.—Mr. and Mrs. Frederick Happy and brother of Wittenberg spent Sunday with Mr. and Mrs. Thomas Shults.

Mrs. Isabelle Winch of Brooklyn is spending an indefinite time at the home of Paul Shults.

Edgar Short and mother of Wittenberg and Mr. and Mrs. Hartford Ry-

nolds and son, Lewis, of this place, motored to Nanauoch Tuesday where they attended a farmer's meeting.

Mr. and Mrs. James A. Shults are receiving congratulations over the arrival of a baby girl.

Shaffer Vredenberg and Irving Lasher spent in Nanauoch.

Francis Baker and Dorothy Brown, called on Edythe Shults Wednesday of Tarrytown are spending an much-patterned.

WHY THE BABIES SHOULD BE WEIGHED

Some people may be surprised that five million and more babies have been entered in the weighing and measuring test without any one taking a mother by the hand and saying firmly, "You must. Uncle Sam says so."

The children's bureau of the U. S. Department of Labor was surprised too, that so many parents wanted to have their babies weighed and measured. The response to the test entirely out ran its highest estimates. But it was not because any one shook a finger at the millions of children in the United States, and said "You've got to let us know how much you weigh, and how tall you are."

The children's bureau believes that parents always want to do the thing that will enable them to be wiser parents; that they always want to do the thing that will help their children to be better and stronger.

The mothers and fathers of the country have responded with very definite decision to the children's year appeal to work now in war time for a healthier childhood, because "the health of the child is the power of the nation." The children's bureau urges that each community see to it that the parents shall not have had their children weighed and measured in vain, but that they organize such permanent work for the protection of children as will not only save the lives of the hundred thousand children to be saved during children's year, but will make their lives worth living, because the community sees that they have a fair chance of health, education and happiness.

VICTORY MENUS.

These menus, planned to conserve time, labor and money, to save the foods that are scarce and use those of which there is an abundance, are Victory Menus, in more senses than one. They are prepared by the Department of Home Economics of the State College of Agriculture and endorsed by the New York State Food Commission.

Saturday.

Breakfast—Stewed apples; rolled oats with top milk; "corn bread; soft cooked eggs; coffee.

Lunch or Supper—Fish and potato doat; buttered beets; wheatless bread; gingerbread with whipped cream.

Dinner—Lima beans with pimento; cabbage (left-over) salad; brown bread; baked fruit whip with boiled custard.

*May be omitted and still leave a balanced meal.

Milk for the children to drink at each meal.

One again apples are with us. No returning prodigal is ever more welcome than this most popular of all fruits. Make the most of the apple.

Fish and Potato Loaf.

Line a greased bread pan with a 1-inch layer of mashed potato. Pack snugly into the cavity 1½ cups of cooked fish seasoned with salt, paprika, celery salt, melted butter, 2 tablespoons grated cheese, and moistened with tomato juice. Cover the dish with a layer of mashed potato pressed down smooth. Cover the mold and steam it for 30 minutes. Turn in on to a hot platter and pour white sauce around it.

Lima Beans With Pimento.

Put a layer of boiled lima beans into a greased baking dish. Sprinkle with salt, pepper and bread crumbs. Over several such layers pour medium white sauce, to which has been added chopped pimento. Sprinkle with buttered crumbs and bake in the oven until the crumbs are brown.

Recipes for any of the dishes in these menus which cannot be found in cook books, may be had by writing to the Department of Home Economics, State College of Agriculture, Ithaca, N. Y.

PALENTOWN.

Palentown, Aug. 1.—Those from this place who attended the public installation at the Odd Fellows' Hall, at Olive Bridge were Mr. and Mrs. Virgil Barringer, Alonzo Haver and John Felmann. A very pleasant evening was spent by all present.

Mrs. Joseph M. Lennon and children spent Sunday night and Monday at the home of her mother, Mrs. Harvey Barringer, at Samsonville.

Two rattlesnakes were killed in this place on Monday; one by Mrs. Lavina Markle on the road near her house and the other by Charles Henderson.

Harry Coons and son, David, spent Saturday night at the Vly. His mother, Mrs. James Coons, accompanied him home, where she expects to spend some time.

The Misses Grace and Carrie Lennon of Accord are spending their vacation with relatives in this place.

Virgil Barringer has finished his hay and is now helping his brother, Asa, and George Van Kleeck at Samsonville Heights.

Freeman Roosa called at Oren Lee's on Tuesday.

The rain on Tuesday was a very welcome visitor.

Mrs. William P. Dymond recently called on Mrs. T. Roosa.

Those who recently gathered at the home of Mr. and Mrs. Harry Coons, where ice cream was served in abundance, were the Misses Grace and Carrie Lennon of Accord, Mrs. James Coons of Tilton, Alfred Paten, wife and son, David, Mr. and Mrs. Virgil Barringer, George E. Lennon, Joseph M. Lennon, Burton and Dorothy Barringer of this place.

Mr. and Mrs. Elmer Barringer recently spent a day with Mr. Barringer's mother, Mrs. Zadock Barringer, who is home at present from Kingston, where she has been in the sanitarium for some time. Mrs. Barringer is not gaining as fast as her friends would wish to see her.

Mrs. Edith Culler, who has been away for a few days, has returned again.

John Terwilliger and son, Wilson, of Mombaccus were in this place on Tuesday.

Painless Dentistry

The difference between painless and painful dentistry depends upon the carefulness and skillfulness of the operator. With good instruments, fresh medicines, local anesthetics and nitrous oxide gas a careful and skillful dentist can perform all operations painlessly, even to the extraction of teeth.

Painless methods, earnest endeavor and reasonable prices have in thirty years, made the Cady Dental Corporation the largest dental organization in New York state.

KINGSTON, N. Y., AUGUST 2, 1918

LYNCHERS BIG AND LITTLE.

Everybody has learned to expect strong and impressive statements from President Wilson, and his recent condemnation of the mob spirit is as true and pointed as could be desired. But, unlike his usual public utterances, it can hardly be said to come at the psychological moment. Nothing seemed to demand it at the moment. Had it been issued shortly after the one and only lynching of a German since our entry into the war, it would have been timely and we should now regard it as having been serviceable in preventing further outbreaks of the same kind. Coming apropos of nothing in particular, it was rather puzzling. Instances of mob law in this country have not been frequent of late; they have been no more frequent since we went to war than before. Indeed, this season there seems to have been a falling off in the number of lynchings for a certain crime which the outdoor life of summer tends to make more frequent.

But, though somewhat unaccountable, the President's utterance has not failed of a welcome and heavy endorsement by every good citizen. It is only too true that in a land of ordered government and court houses open to all the people mob law is a blow at the very heart of our institutions. The sections where lynchings mostly occur ought to give the President's message the widest publicity and keep it posted on the doors of every county court house. The President makes it very plain that it behooves us, the champions of democracy fighting an outlaw Germany that has "made lynchings of her armies," to clear our skirts of the lynching evil and stop the individual lyncher who in his small way emulates Germany's "disgraceful example" on a vast scale.

WHEN SUGAR WAS NOT.

The new sugar rationing rules in effect August 1 limit the allowable portions more than ever. Domestic consumers are permitted two pounds a month for each member of the family, proprietors of eating houses can serve two pounds with every ninety meals, and industrial concerns are restricted to 50 per cent. of their consumption last year. In addition the Food Administration urges that "in canning and preserving fruit sugar be omitted, to be added later when the fruit is eaten and sugar is more plentiful." These regulations will inconvenience but will not bring disaster upon large industrial sugar users, while the average individual consumer will suffer no real hardship. Less candy, restricted sweetening in drinks, cake without icing, etc., may be unwelcome to many, but will bring upon no one really serious privation.

No patriotic American will be unwilling to practice moderate self-denial in the matter of sugar in order that the Allied soldiers fighting our battle and the people supporting them may have an even more moderate supply of this desirable food. We say "desirable" because sugar is not absolutely necessary. For thousands of years our remote ancestors lived contentedly without sugar except as they found it in fruit or honey. Sugar-cane was known to the ancients, for Theophrastus, a Greek writer of the third century B. C. mentioned "honey in reeds," but the making of raw sugar from sweet juice did not begin until the 15th century and not until the middle of the 16th was the art of refining sugar discovered. Long after that sugar was within reach only of the wealthy and has not been in general use more than two centuries.

Tortuous and wonderful are the explanations of some of the German papers. The Cologne Gazette, for example, though neither a comic journal nor given to sarcasm at its country's expense, declares that the object "in crossing the Marne (getting to Paris?) was attained" and "therefore it did not appear dangerous to retreat locally to save unnecessary losses."

It seems that George Sylvester Viereck continued his German propaganda as well as filled his pockets at a great rate even after he prudently camouflaged his weekly "Fatherland" under a less give-away

title, but now that New York's Attorney General is investigating him we may be assured that his pro-German career has left behind its palmy days.

"Strike and you will earn the blessings of the Kaiser and his army of murderers," the Woolwich Arsenal workers in England have pointedly sent word to the mutinous gang at the Coventry munition plant.

The Hun denies that he is on the run—galling rhyme!—but the Allied armies are steadily squeezing him out of the Soissons-Rheims salient, which amount to the same thing.

In the absence of soap German civilians have been using sand and now the entire output of this article also is badly needed by the Kaiser's legions.

LITTLE LAUGHS.

"Funny thing, about this Finnish trouble." "What's that?" "It's just beginning."—Baltimore American.

"I suppose her father gave the bride away." "Not exactly. He gave a million away and threw her in."—Boston Transcript.

"Semper fidelis," announced the hobo. "Dat's me." "Sic semper," chirped the head of the house, and the bulldog promptly responded.—Louisville Courier Journal.

Citizen—"Unless I am mistaken, you are the party I gave ten cents to yesterday." Beggar—"I am, sir. Did you think a dime would make a new man of me?"—Boston Transcript.

Good Thing He Quilt.

Little Willie, who for some months had always ended his evening prayer with "Please send me a baby brother," announced to his mother that he was tired of praying for what he did not get, and that he did not believe God had any more little boys to send. Not long afterward he was carried into his mother's room early in the morning to see his twin brothers, who had arrived during the night. Willie looked at the two babies critically and then remarked, "It's a good thing I stopped praying when I did."—Exchange.

A Running Finnish.

Hanna, a husky young colored woman, called in answer to the advertisement for a cook. "Are you married?" questioned the mistress. "No ma'am, I see a widdah." "Oh—then your husband is dead?" "Yessum—he's sho' daid." "How did he meet his death?" "Meet it? Lawsey, missy, he didn't meet it! Dey had ter chase him round' foh miles fo' dey could ketch him an' put de rope round' his neck."—Exchange.

Too True.

"Many a high-sounding name connects pretty rotten things," said Ralph Corson, the popular New York after-dinner speaker in an attack on pan-Germanism.

"It's like the case of the chap whose little boy asked him: 'Pop, what does years of discretion mean?'"

"It means, son," said the father, "that you're too young to die and too old to have any fun."—Washington Times.

The Deaf Slacker.

Major John Purroy Mitchell, now deceased, said at a San Diego dinner: "It's hard to make the slacker understand his slackness. A brawny slacker of a tramp knocked at the kitchen door of a farm house and whined out a request for food. 'Young man,' said the farmer's wife, 'you ought to go to the front.' 'I did go to the front, woman,' the slacker answered, 'but I couldn't make nobody here, so I come round to the back.'—Exchange.

Mrs. Charles Rickard and Mrs. Esther Relyea spent Tuesday in Kingston on business.

Mrs. Sarah Livingston spent Thursday of last week with relatives and friends in Edgelyville.

The Ladies' Aid Society will hold their regular monthly meeting on Wednesday afternoon at 2:30 o'clock at the home of Mrs. Esther Relyea. All the members are requested to be present as there is quite some business to transact about their fair and if there is any one who would like to become a member they will be glad to receive them.

Mr. and Mrs. V. E. Dession of Brooklyn, N. Y., came up on Saturday to spend some time at their bungalow at Creek Locks.

The Ladies' Aid Society will hold their annual fair on Wednesday evening, August 14, at their picnic lodge on the church grounds. Ice cream, candy, fruit, aprons and other articles will be for sale. The Edgelyville Band will furnish music for the occasion. Everybody is invited to come and make it a success. If stormy, the next fair evening.

Street Car Women.

Indianapolis, Ind., Aug. 2.—Street car and interurban officials in Indiana may soon consider seriously the placing of women in charge of all electric cars. When women took charge of the cars of a street car line in Indianapolis they were immediately a success. Officials point out that since the women began working, none of them have been late to work.

Gone is the winter of our discontent, with its zero blasts, its empty coal scuttles, and its high cost of breathing. Enter the vanguard of Summer itself—picturesque, cool, refreshingly lovely Grass, Canton and Reed fibre furniture. Woven into its meshes is the green of the forest—the brown of pine needles—the grey of silvery birches and a whole gamut of other exquisite tones.

And the Shapes: Quaintest of tete-a-tetes and arm chairs, secretaries, tea wagons, day beds, alluringly cosy round tables—hosts of altogether fascinating things needed for every room in the summer home. And the gayest of the gay are the cretonne coverings that have pillaged whole flower gardens for their adornment. How they will make the rooms and porches glow with color and life

A HOT WEATHER DISCOVERY

For 60 years Eagle Brand has nourished the babies of the nation. For 60 years it has robbed hot weather of some of the worst of its terrors. And still there are mothers who have not yet discovered that Eagle Brand removes all danger of hot-weather milk contamination.

If Nature's own food is insufficient,

use Eagle Brand. Wherever you go it is always obtainable and always of uniform purity. Even in midsummer's heat, the baby will retain and digest it. It is prepared from rich cow's milk and comes to you hygienically sealed—pure, wholesome and economical.

At better groceries; drug stores too.

ORIENTAL HOTEL RUN BY ANOTHER

To Be Opened Under New Management Saturday—Was Leased For Summer by Arthur Stieler, Suspected of Sedition.

The Oriental Hotel at Kingston Point will open under new management on Saturday when a dance will be held at the hotel that evening according to a business notice to be found elsewhere in tonight's Freeman. The hotel is owned by the Hoffman Brewing Company and was leased for the summer by Arthur Stieler, who was removed from this city on Monday, July 22, by a naval intelligence service agent. Stieler was suspected of sedition. The last heard of Mr. Stieler by the sheriff's office and at police headquarters was that he was being held in the Raymond street jail in Brooklyn pending a further investigation of his case. It found guilty by the federal authorities Stieler will be interned for the duration of the war. In case Mr. Stieler is interned it is quite likely that the Roundout Social Mannerchor, of which he is president, will take steps to elect another in his place. The organization does not meet regularly during the summer months and the first official meeting of the season is not held until along in October.

AT FORSYTH PARK.

Large Crowds Saw Play Festival Yesterday.

Yesterday afternoon was an ideal afternoon at Forsyth Park, and there were crowds of people, numbering several thousands, gathered to enjoy the park and especially to watch the playground play festival of the school children of our city. The entire program was in charge of Supervisor A. W. Buley, director of public recreation.

The program opened with a fine concert given by the Colonial City Band, which played for half an hour from 2:30 to 3 o'clock.

The children's part of the performance began with a serpentine march of all the children of the various playgrounds, some 250 taking part, headed by Miss Riseley, of Forsyth playground, and Miss Clemmens, of McVey's playground. The Forsyth group were designated by their colors, red and white; the McVey children by green; Miss Costello's group by light blue and Miss Gunter's group by dark blue. The serpentine march resolved itself into a snail then opening into a huge circle, left the field amidst enthusiastic applause.

A Norwegian mountain march followed, given by the children of Playground Numbers 1, 2 and 3, which was very attractive.

Another pretty and characteristic dance, called "Blekking," was then given by the children of Playgrounds 5, 6, 8 and city hall.

"Yankee Doodle" dance was participated in by all, even the tiniest children, who sang for their own marching, making this number particularly fascinating.

Just by way of variety, this dance was followed by the children of Forsyth playground giving their "yell," followed by McVey. A particularly picturesque dance was the "Hungarian Folk Dance," given by the Forsyth children wearing gaily colored sashes. The children entered the field from behind trees and shrubs, and danced to their places like so many dainty or bright colored butterflies. Entirely different but just as attractive was the last dance, the Dutch Windmill Dance, given by all of the children, the huge circle of dancing little folks making a very impressive picture.

Then another characteristic dance was given, "The Shoemaker's Dance," by the McVey children, which called forth much applause as did every number. A particularly picturesque dance was the "Hungarian Folk Dance," given by the Forsyth children wearing gaily colored sashes. The children entered the field from behind trees and shrubs, and danced to their places like so many dainty or bright colored butterflies. Entirely different but just as attractive was the last dance, the Dutch Windmill Dance, given by all of the children, the huge circle of dancing little folks making a very impressive picture.

After the dancing came the athletics, which it is now claimed have done so much to make our men at the front ready for their task of winning the war. Lawrence Goldberg, of No. 75 West O'Reilly street, representing Forsyth Playground, winning so many points as to put that playground in the lead.

A 75-yard dash was won by Goldberg in 9:15 seconds, giving him 5 points. Second place was won by George Hopper, who gained 3 points, and third by Kenneth LeFevre, who won 2 points. These were all Forsyth boys.

The running high jump was the second contest, and again Lawrence Goldberg was the first winner, making 4 feet, 9 inches, 5 points. V. Van Bramer of McVey's won second place, making 4 feet, 2 inches, 3 points. V. Rice of McVey's won third place, making 3 feet, 10 inches, 2 points.

The final contest was the running broad jump in which Goldberg made 15 feet, 5 points. V. Van Bramer made 13 feet, 2 inches, 3 points; and Meyers, of Forsyth Park, made 12 feet, 1 inch, 2 points.

Summed up, the points made by the two playgrounds were: Forsyth Park Playground, 22; McVey Park Playground, 8.

This most enjoyable successful festival was in a way preparatory for the big pageant, similar to the one held last year, but which will far surpass it, to be given the latter part of this month by all of the playground children. This pageant will present all of the activities of the playgrounds for the summer, and will be a notable event.

WILL CONTROL ULSTER LABOR

Central Station at Newburgh to Control Recruiting of All Unskilled Workers in Four Counties—To Stop Migration—14 Districts in New York State.

Commencing August 1st all Ulster county unskilled workers were put under the control of a district labor board with a central station located at Newburgh which stations covers Ulster, Sullivan, Orange and Rockland counties. This was arranged for at a state gathering of manufacturers and representatives of commercial bodies in the office of the state director of labor employment in New York Tuesday.

Fourteen Districts in State. Under the government plan to control all unskilled labor New York state has been divided into 14 labor districts and in each district the government will create a district community board which will be the governing body of the laboring situation. Each board will have three members—one federal employee, one a representative of the employers and one a representative of the workers.

To Control Unskilled Labor. After August 1st employment agencies which accept a fee for their services will be entirely eliminated by the government and manufacturers, except in rare instances, will not be allowed to go into the open market and bid for unskilled help. They must apply for men to the agencies of the United States Employment Service, which is to have absolute control of the labor market.

To Stop Migration. Although the plan at present is to control the employment of unskilled labor, the maximum war production will require that skilled labor ultimately come under the same control. Migration of labor from state to state practically will be halted.

The government has work today for 400,000 more men than it can get. Under the government plan the available labor in each district will be distributed equally among the manufacturers in the district who are engaged in essential production.

No Special Inducements. It will not be permissible after August 1 for any manufacturer to advertise any special inducements in order to get help. It will be their duty to apply to the district board and such decision as may be required will be binding on both the employer and the employee.

Board May Draft Labor. The local community board will act as it seems best to the greatest number. Employers must be willing to sacrifice as the board may direct, and co-operation must be the watchword.

200 men and there are but 150 available. It will be the privilege of the commission to draft 50 men from some one of the other industries that can supply the men required, attention being paid to the essential industries as against the non-essentials, the former having the preference. The plan is to secure for the government the greatest amount of output from the number of men available, which number has been reduced by taking into the military service men of draft age, and those who are within the military age, younger and older than the selective list.

Manufacturers to Meet.

Frank H. Young, secretary of the Newburgh Chamber of Commerce, was directed at the New York meeting to notify every manufacturer in the four counties assigned to the Newburgh district to meet at a convention to be soon called at which they will elect from their number an executive committee of seven to select one representative of the manufacturers on the District State Commission. The notice to the manufacturers is imperative in its character and will be respected by all.

The state body thus formed will have supreme control of all employment branches at present in charge of the laboring classes, and will act in an advisory capacity for all others. Among others that will thus become subsidiary to the state body will be the Agricultural Labor Bureau of which George B. Hyndman was recently designated the local executive.

Chambers of Commerce To Help. Chambers of Commerce everywhere will be called on to place at the disposal of the government such of its facilities and office force as may be required to carry out the work of the commissions.

SAWKILL.

Sawkill, Aug. 1.—St. Wendelin's Church, Ruby, Sunday, August 4.—Mass and sermon, 8 a. m.

St. Ann's Church, mass and sermon, 10 a. m. Rev. George J. Vastin, rector.

The Sawkill Club and the Kingston Centrals are preparing to give the community a surprise, with a grand entertainment to be held on Thursday, August 15, followed by an ice cream social. A very precious door prize will be awarded.

The Misses Nancy, Jennine and Sarah Carroll, Nellie O'Brien, Mary O'Brien, Alice Callahan and Catherine Shortell were recent visitors at their homesteads.

ST. REMY.

St. Remy, Aug. 1.—The katydid have arrived, which reminds us of cool weather.

Simon Van Vliet and son, Lewis, are at Dutchess county threshing grain for the farmers with their gasoline engine.

Walter Kuhaupt visited friends in this place the past week.

The recent rain was very welcome as it was so much needed.

Luther Freer has been laid up for a few days with an abscess in his throat.

Several from this place attended the farmers' picnic at Napanoch on Tuesday and reported a big time.

DR. SNYDER LAUDS WORK OF WOMEN

Former Sanitarium Staff Doctor In France Says They Are One of Biggest Factors—Further Comment on Conditions.

The following extracts have been taken from a letter received by Dr. Mary Gage Day, of this city, from Dr. Frederick Snyder, now in France, who, before enlisting in the M. C. of the U. S. army, was for a number of years on the staff of doctors at the Benedictine Sanitarium and one of Kingston's leading physicians and surgeons.

"Over Here," June 30th, 1918.
Dear Dr. Day: In a letter received from home, I see you are back again into the fold and working at the profession. Your help and influence is needed in Kingston, more than ever, and I'm glad you're there in these troublous days.

The game over here is getting so large and the work so varied that hardly any excuse is big enough to keep any doctor at home, so they might as well pack a kit bag, hit the trail, and help "carry on." No one wants to come in thinking the job romantic because 'tis not. I've heard it rumored there were some soft snaps in the Medical Corps but I've not found it to be so. The first thing a doctor with troops does is to have an extra set of his boots then adds a few hob nails and starts out to wear them off which he succeeds in doing after a hike of a hundred miles over the beautiful roads of France. By this time he's sufficiently experienced to become a specialist on blistered feet and kindred ailments, also an expert on the relative value—as a beverage—of water and French wine. On the first day wine will probably win out, after that he decides in favor of water even though it isn't good old Sawkill.

If you happen to get a good berth in a base or general hospital you probably will live like a king provided a "Jerry" doesn't fly over you some night and smash you up. The men may be some peculiar reason why he bombs hospitals but so far I've failed to grasp the psychology of the Boche. It's the idea that he can scare the profession he might as well quit and as for the nurses, God bless them, they are even better soldiers than the men.

This war has shown what women do. If man thought he was king of the earth before, he now knows there is a queen who will have something to say after this. The work which the women of the world are doing today is going to be one of the biggest factors in winning the war. I honestly believe we have an army of the finest men in the world and the reason of this is, that we have, back of us, an army of the noblest women in the world.

The whole game is divided into those who prevent and those who repair. I've spent a year on prevention, which means I have not performed one operation in all that time. I know of a fellow who did sixty last week. While he was on his job I was on mine, walked one hundred miles, looked after one thousand men and at the end of the week had every man ready to fight and couldn't help being a little inflated over my work. I expect soon to join the repair hands if the Boche doesn't get me which, I pray God may not happen. Yours very sincerely,
F. SNYDER,
107th Infantry,
American Expd. Forces, France.

BLACK AND WHITE AND RED CARRANTS.

Currants are a favorite fruit with nearly everybody. The red currant is most commonly used for jellies, although many use the combination of red and white, making a light colored jelly.

Current juice is so very delicious and the seeds often quite objectionable, so that the juice is used in combination with orange, cherry and other fruits to make a most delectable conserve.

The black currant is not as common as it once was, but makes a most delicious jam for those who are sufficiently old-fashioned not to have forgotten grandmother's garden where the dear old black currants were always found.

The delicious bar le due currants may be prepared at home, using the large cherry currants, carefully removing the seeds with a large needle. Cook the seeded currants very carefully and stir into glasses of jelly. Put away in a cool, dry place for winter use. This conserve being very rich, is used only in small quantities as a garnish.

For jelly making currants as well as other fruit should not be too ripe, nor picked after a heavy rain. Pick over the currants but do not remove the stems. Wash and drain and mash in a preserving kettle with a wooden potato masher, adding more until there is enough to cook in the receptacle. Cook until the currants have a white appearance, strain through a colander, or put into a jelly bag at once. Measure the juice and boil five minutes, then add an equal measure of heated sugar unless one wishes a sour jelly. Boil three minutes. Try a little in a cold saucer; if a thin skin forms, pour at once into the glasses. Jelly should be firm enough to keep its shape when turned from the glass, clear, of good flavor, and when cut leave sharp edges. Store in a cool, dry place for winter.

Red currant and red raspberry makes a most deliciously flavored jelly.

RETAIL MILK PRICES RAISED

County Milk Producers Initiate Advance, Which is Passed Along to Consumer—Pastureage Poor.

Retail dealers in milk, by reason of an advance in the wholesale price made by members of the Ulster County Milk Producers' Association, are raising the price of bottled milk delivered to consumers from 10 and 11 cents to 12 and 14 cents per quart. Prices have been raised all over the state by reason of the high cost of feed, dairymen being compelled to use considerably more feed by reason of there being poor pasture. As was stated in The Freeman a few days ago, the supply of milk hereabouts is not fifty per cent of what it should be. Owing to the government ordering a large curtailment in the use of sugar, an increase in the price of condensed milk will be made in the near future.

AQUEDUCT GUARD

Will be Provided for by New Citizen's Committee.

Soldiers guarding the New York aqueduct at Croton are not to be neglected. As the result of a meeting held recently in Garrison at the home of Stuyvesant Fish, a committee has been formed to look after the aqueduct and restoration of the 1,500 men and officers stationed at the aqueduct.

The organization, which is called the "Aqueduct Guard Citizens' Committee," is made up of the most prominent persons in Westchester, Ulster, Putnam and Orange counties. The president of the new organization is Judge Alton B. Parker of Esopus. Judge John G. Van Etten of Kingston and William Church Osborn of Garrison are the vice presidents. Lewis Gouverneur Morris of Yonkers is secretary and James Speyer of Scarborough is treasurer. Justice George L. Gannett of the municipal court, is in active charge of the work of the committee, and is to live at the aqueduct in order to keep in touch with the needs of the men.

Active work is to be commenced at the aqueduct this week, following a meeting which is to be held in New York city. Plans for the present consist of the formation of a canteen, an athletic field, motion picture productions, reading rooms and an automobile service to nearby towns and cities. The National League for Women's Service, the Red Cross, Y. M. C. A., State Women's War Relief and other organizations have approved the formation of the committee and have offered their assistance.

The announcement of the committee states:

"The duty of guarding the water supply of New York city is an important one and the men who volunteer to do this work are entitled to have as much done for them, both as regards sanitary living conditions and recreation, as the men in the larger camps in this country and abroad.

"A number of our patriotic fellow citizens residing in the towns and villages near the aqueduct have during the past year done a good deal for some of these posts. While these individual efforts have been much appreciated by officers and men, and by the authorities, we are of the opinion that the problem can be much more effectively and economically solved by co-ordinating all efforts and by giving all residents of Westchester, Putnam, Orange and Ulster counties a chance to do their share for these men, who have felt lonely and forgotten, although in one of the most beautiful and densely populated sections of our state."

The work of the committee is expected to cost about \$15,000 the first year. Some of this already has been subscribed by members of the organization. Among those who have subscribed are the following: Mr. and Mrs. William Church Osborn, \$500; Mr. and Mrs. V. Everit Macy, \$500; Mr. and Mrs. James Speyer, \$500; Stuyvesant Fish, \$250; Mr. and Mrs. Felix M. Warburg, \$250; Mr. and Mrs. Finley J. Shepard, \$250; Col. and Mrs. Herman A. TILLSON.

Tillson, August 1.—This community was very sorry to hear of the death of George McMullen, a former resident of this place, who resided in Walden at the time of his death, last Wednesday. Mr. McMullen visited his parents, Mr. and Mrs. Albert McMullen, the Fourth of July and was apparently in the best of health at that time. He leaves a wife and one little son, besides his father and mother, one sister, Mrs. Oliver Keator and other relatives and friends who extend their heartfelt sympathy to those who are left to mourn. The funeral was held at his late residence in Walden with burial in Lloyd cemetery.

The Rev. Mr. Kelly of the Friends' Church, was calling on people of this place one day last week. Mr. and Mrs. Leon Clark and children are spending some time with relatives here.

Rev. Joseph Millett and family visited at Silas Terwilliger's for a few days the past week.

The ice cream social held in the Reformed Church hall was well attended.

Joe Embrey has moved his family to Walden, where he has employment.

ROBB STATIONED AT PIG POINT

JOHN S. ROBB.

Son of Mrs. Mary A. Robb, of 329 Wilbur avenue, who enlisted in the United States Army in the Ordinance Detachment in February, 1918, and is stationed at Pig Point, Va. He will be glad to hear from and of his friends.

Cultivate the Summer Garden.

When summer comes the planting enthusiasm of springtime has passed, and so have lettuce, and radishes, spinach and peas. Weeds grow unceasingly, and the hoeing vigor of the gardener is reduced as the season advances. The vegetables languish. Many a man that was a garden convert in April, is a backslider in the hot months, says the State College of Agriculture. Many a clean April garden is a place of weeds later on and "things rank and gross in nature possess it merely."

Planting alone never did make a good garden, and summer is a time for tillage. Hoe without ceasing, except immediately after a heavy rain. Hoe shallow and hoe every bit of the surface, right up to the base of the vegetables, so that the soil is fine all over when the job is done.

Hoe even when there are no weeds to kill, if by any chance such a condition should ever be discovered in the garden. It keeps in the moisture. Hoe often; but hoe intelligently. Don't hoe beans in the early morning when they are wet; it will injure their leaves. And never hoe anything deep enough to cut the roots of the plants; even weeds are best killed by cutting them off just below the surface of the ground.

Summer is the time of great garden activity. The weeds and the bugs are then most active; can the gardener afford to be idle?

KINGSTON, N. Y., AUGUST 2, 1918

LYNCHERS BIG AND LITTLE.

Everybody has learned to expect strong and impressive statements from President Wilson, and his recent condemnation of the mob spirit is as true and pointed as could be desired. But, unlike his usual public utterances, it can hardly be said to come at the psychological moment. Nothing seemed to demand it at the moment. Had it been issued shortly after the one and only lynching of a German since our entry into the war, it would have been timely and we should now regard it as having been serviceable in preventing further outbreaks of the same kind. Coming apropos of nothing in particular, it was rather puzzling. Instances of mob law in this country have not been frequent of late; they have been no more frequent since we went to war than before. Indeed, this season there seems to have been a falling off in the number of lynchings for a certain crime which the outdoor life of summer tends to make more frequent.

But, though somewhat unaccountable, the President's utterance has not failed of a welcome and hearty endorsement by every good citizen. It is only too true that in a land of ordered government and court houses open to all the people mob law is a blow at the very heart of our institutions. The sections where lynchings mostly occur ought to give the President's message the widest publicity and keep it posted on the doors of every county court house. The President makes it very plain that it behooves us, the champions of democracy fighting an outlaw Germany that has "made lynchers of her armies," to clear our skirts of the lynching evil and stop the individual lyncher who in his small way emulates Germany's "disgraceful example" on a vast scale.

WHEN SUGAR WAS NOT.

The new sugar rationing rules in effect August 1 limit the allowable portions more than ever. Domestic consumers are permitted two pounds a month for each member of the family, proprietors of eating houses can serve two pounds with every ninety meals, and industrial concerns are restricted to 50 per cent. of their consumption last year. In addition the Food Administration urges that "in canning and preserving fruit sugar be omitted, to be added later when the fruit is eaten and sugar is more plentiful." These regulations will inconvenience but will not bring disaster upon large industrial sugar users, while the average individual consumer will suffer no real hardship. Less candy, restricted sweetening in drinks, cake without icing, etc., may be unwelcome to many, but will bring upon no one really serious privation. No patriotic American will be unwilling to practice moderate self-denial in the matter of sugar in order that the Allied soldiers fighting our battle and the people supporting them may have an even more moderate supply of this desirable food. We say "desirable" because sugar is not absolutely necessary. For thousands of years our remote ancestors lived contentedly without sugar except as they found it in fruit or honey. Sugar-cane was known to the ancients, for Theophrastus, a Greek writer of the third century B. C. mentioned "honey in reeds," but the making of raw sugar from sweet juice did not begin until the 15th century and not until the middle of the 16th was the art of refining sugar discovered. Long after that sugar was within reach only of the wealthy and has not been in general use more than two centuries.

Tortuous and wonderful are the explanations of some of the German papers. The Cologne Gazette, for example, though neither a comic journal nor given to sarcasm at its country's expense, declares that the object "in crossing the Marne (getting to Paris?) was attained" and "therefore it did not appear dangerous to retreat locally to save unnecessary losses."

It seems that George Sylvester Viereck continued his German propaganda as well as filled his pockets at a great rate even after he prudently caroused his weekly "Fatherland" under a less give-away

title, but now that New York's Attorney General is investigating him we may be assured that his pro-German career has left behind its palmy days.

"Strike and you will earn the blessings of the Kaiser and his army of murderers," the Woolwich Arsenal workers in England have pointedly sent word to the mutinous gang at the Coventry munition plant.

The Hun denies that he is on the run—galling rhyme!—but the Allied armies are steadily squeezing him out of the Soissons-Rheims salient, which amount to the same thing.

In the absence of soap German civilians have been using sand and now the entire output of this article also is badly needed by the Kaiser's legions.

LITTLE LAUGHS.

"Funny thing, about this Finnish trouble." "What's that?" "It's just beginning."—Baltimore American.

"I suppose her father gave the bride away." "Not exactly. He gave a million away and threw her in."—Boston Transcript.

"Semper Adels," announced the hobo. "Dat's me." "Sic semper," chirped the head of the house, and the bulldog promptly responded.—Louisville Courier Journal.

Citizen—"Unless I am mistaken, you are the party I gave ten cents to yesterday." Beggar—"I am, sir. Did you think a dime would make a new man of me?"—Boston Transcript.

Good Thing He Quit.

Little Willie, who for some months had always ended his evening prayer with "Please send me a baby brother," announced to his mother that he was tired of praying for what he did not get, and that he did not believe God had any more little boys to send. Not long afterward he was carried into his mother's room early in the morning to see his twin brothers, who had arrived during the night. Willie looked at the two babies critically and then remarked, "It's a good thing I stopped praying when I did."—Exchange.

A Running Finish.

Hanna, a husky young colored woman, called in answer to the advertisement for a cook. "Are you married?" questioned the mistress. "No ma'am, I's a widdah." "Oh—then your husband is dead?" "Yessum—he's sho' daid." "How did he meet his death?" "Meet it? Lawsey, missy, he didn't meet it! Dey had ter chase him round 'foh miles fo' dey could ketch him an' put de rope round his neck."—Exchange.

Too True.

"Many a high-sounding name connects pretty rotten things," said Ralph Corson, the popular New York after-dinner speaker in an attack on pan-Germanism. "It's like the case of the chap whose little boy asked him: 'Pop, what does years of discretion mean?' 'It means, son,' said the father, 'that you're too young to die and too old to have any fun.'—Washington Times.

The Dead Slacker.

Major John Purroy Mitchell, now deceased, said at a San Diego dinner: "It's hard to make the slacker understand his slackness. A brawny slacker of a tramp knocked at the kitchen door of a farm house and whined out a request for food. 'Young man,' said the farmer's wife, 'you ought to go to the front.' 'I did go to the front, woman,' the slacker answered, 'but I couldn't make nobody here, so I come round to the back.'—Exchange.

The Ladies' Aid Society will hold their regular monthly meeting on Wednesday afternoon at 2:30 o'clock at the home of Mrs. Esther Relyea. All the members are requested to be present as there is quite some business to transact about their fair and if there is any one who would like to become a member they will be glad to receive them.

Mr. and Mrs. V. E. Dession of Brooklyn, N. Y., came up on Saturday to spend some time at their bungalow at Creek Locks.

The Ladies' Aid Society will hold their annual fair on Wednesday evening, August 14, at their picnic lodge on the church grounds. Ice cream, candy, fruit, aprons and other articles will be for sale. The Eddyville Band will furnish music for the occasion. Everybody is invited to come and make it a success. If stormy, the next fair evening.

Street Car Women.

Indianapolis, Ind., Aug. 2.—Street car and interurban officials in Indiana may soon consider seriously the placing of women in charge of all electric cars. When women took charge of the cars of a street car line in Indianapolis they were immediately a success. Officials point out that since the women began working, none of them have been late to work.

THIS SELECTIVE WAS IN LUCK

Newburgh Attorney Brought Vanderzee From Adirondacks in Time to Go From Here With Colored Contingent.

A colored select who left Kingston with his detachment would not have been able to respond to the roll call had it not been for the kindly offices of Attorney Robert H. Barnett of Newburgh, says the Daily News, Thursday. Mr. Barnett and his family, who have been in the Adirondacks, were in the Fulton Chain Wednesday when a telegram was received by one of the colored attendants at the hotel, directing him to report for service in Kingston at 8 o'clock next morning. Mr. Barnett heard the porter lamenting the apparent impossibility to meet requirements and volunteered to see him through. The colored man packed his grip and was ready by the time Mr. Barnett and his family were to start. In Albany Mr. Barnett gave the man sufficient cash to see him safely through, obtained for him a dinner, and directed him to take the West Shore train for Kingston, where he doubtless arrived at a late hour at night.

The colored man was Sylvester Tunis Vanderzee of this city, and he entrained to Camp Upton all right.

STELLES' GREAT 11th ANNUAL SUNSHINE SUMMER SHOE SALE

Tomorrow will probably find as many people attending this great money saving shoe sale as were present on the opening day, a week ago. The dependability of our merchandise combined with the extremely low prices we are now quoting during this sale should, and probably will, attract every person desiring to save money on their summer footwear needs.

There are hundreds of bargains in men's women's and children's footwear to select from and in nearly every instance your correct size and width awaits you at prices which represent only a small portion of the original cost of the footwear.

The fact that our summer is just nicely beginning means that you will have a longer time to wear your purchases before the cold weather sets in for fall and winter, and the fact that footwear is constantly advancing in price makes the low prices at which we are now quoting on these best value shoes more wonderful than at any of our previous sales.

Ladies' White Footwear and odds and ends in pumps and oxfords; values \$2.50 to \$4.00; great money savers at sale price of

\$1.48

Ladies' Patent and Dull Leather Pumps and Oxfords and white shoes, pumps and oxfords, in a complete run of sizes; values \$3.00 to \$4.00; now

\$1.98

250 Pairs of Ladies' Patent Colt, Gun Metal, Vici Kid, Pumps and Oxfords and white canvas pumps, oxfords and lace shoes; values \$3.50 to \$4.50; now

\$2.48

WOMEN DRIVERS IN WAR SERVICE

Instructed in New York Course By Generous Garage Owners and Employees—Women's Ambulance Service Members Are Fitted to Help the War.

One of the most interesting features of the parades in Kingston where recruits are sent to camp and where they have most largely attracted public attention, is the women's ambulance corps division of good motor cars occupied by women drivers, each with a companion and both in uniform. The appearance of the women's ambulance corps of Ulster county in these parades should be understood as the least part of their service. Their multitudinous activities are not on public view, hence they are not getting the popular credit they are entitled to have.

It is often asked why call them an ambulance corps? What is the need of an ambulance corps here at home? Both questions are answered by the explanation that the term ambulance in military service applies to all vehicles that are carriers.

The utility of women as drivers of motor cars in this war, releasing just that number of men for service in which men are most needed, is recognized by the government.

The women who have entered the ambulance corps are enthusiastic motorists, ordinarily capable of driving cars, but most of them without instruction in the duties of the mechanic which is highly important for the driver of a car in war service. The drivers in the ambulance corps who take the higher branch of instruction are given the regular New York course that fits them for the most efficient work of drivers of cars.

Women drivers of motor cars are commonly employed in all branches of the government in this war.

There are enlisted (enrolled is perhaps the best term to use here) in the Ulster county unit of the women's ambulance corps, those who are accepted as representing the best of Ulster county's young women; those of them of good families who are taken because their hearts are in the work; and those who are in the time that may be required of them. They are entitled to the most respectful and considerate treatment, such as their position outside of this service gives them. Too often when driving they are treated without thought of all this. Sometimes bawled at. They are not doing this for any sort of remuneration. They are not drivers of public cabs subject as such to the whims and rudeness of some people think is the smart way of treating cab drivers. They are working not only certain hours in the ambulance corps but are voluntarily putting in their time in other work to help in the war.

The Ulster county ambulance corps was organized by a council of five, to be known as a part of the 10th Regiment, of the New York Guard. The organizers were Captain Everett Fowler of Co. M, 10th Regiment, N. Y. Guard; Frank Coykendall, chairman of the administrative committee of the Ulster County Red Cross, and Mrs. John N. Cordts, Mrs. William S. Carter and Mrs. John D. Schoonmaker of the women's home defense of Ulster county.

Twenty-six of the Ulster county ambulance corps have taken the regular New York course, fitting themselves as drivers in the upper branch of the service. The training and instruction, the road tests and other experiences gained by them have been obtained through owners of garages in the city, their chauffeurs and mechanics who have given their time and services without cost for such service. Some contributed gasoline. The girls are highly appreciative of all this and they desire to have the fact published. They mention the Stuyvesant, Eagle, Ulster, Forsyth & Davis's, Kennedy's and Schryver's garages where all employees have taken personal interest in helping the girls to obtain proficiency in handling cars and they also extend thanks to Messrs. Leon Chambers, J. T. Avery, George Schryver and Robert Martin for the many courtesies received from them and their generosity and helpfulness to the girls, and in the interest they all along have shown in the advancement of the girls. So thorough has been this training that this class of twenty-six has passed in examinations and road tests with an average of 95 per cent. The girls regard this as a practical education in operating cars that may naturally be useful to them individually. They are fully qualified operators, licensed drivers and mechanics and competent to give first aid which is needed to qualify drivers in the upper class.

Others eligible to enter the two lower branches or classes are the women who are fit to drive a car and can give their time when called on to accompany the driver of a car on a call.

Many of the women who are enrolled in this service have placed their own cars at its disposal. For the present the corps is not handicapped for lack of cars, but when more will be needed there is no doubt they will be readily obtained.

The women's ambulance corps renders service in large measure in four organized war activities:

First of all they are at the command of Co. M, and rated as a part of the New York Guard. This gives them the important work of carrying comfort kits to all parts of the county.

Next to their military duties they are subject to the call from the Red Cross. In this department of work they have much to do; carrying messages, utilities, productions and doing a general running around on Red Cross business. Some of the Red Cross officials in Kingston use their own cars.

The other branches of service they are called in for are the home defense and child welfare. There has grown up in the hospitals of the country a demand for student nurses and the ambulance corps is at the disposal of the hospitals and the Benedictine Sanitarium for the need of that service. In child's welfare work the cars go into every township in the county. In all of these organ-

ORIENTAL HOTEL
RUN BY ANOTHER

To Be Opened Under New Management Saturday—Was Leased For Summer by Arthur Stieler, Suspected of Sedition.

The Oriental Hotel at Kingston Point will open under new management on Saturday when a dance will be held at the hotel that evening according to a business notice to be found elsewhere in tonight's Freeman. The hotel is owned by the Hoffman Brewing Company and was leased for the summer by Arthur Stieler, who was removed from this city on Monday, July 22, by a naval intelligence service agent. Stieler was suspected of sedition.

The last heard of Mr. Stieler by the sheriff's office and at police headquarters was that he was being held in the Raymond street jail in Brooklyn pending a further investigation of his case. If found guilty by the federal authorities Stieler will be interned for the duration of the war.

In case Mr. Stieler is interned it is quite likely that the Roundout Social Mannerchor, of which he is president, will take steps to elect another in his place. The organization does not meet regularly during the summer months and the first official meeting of the season is not held until along in October.

AT FORSYTH PARK.

Large Crowds Saw Play Festival Yesterday.

Yesterday afternoon was an ideal afternoon at Forsyth Park, and there were crowds of people, numbering several thousands, gathered to enjoy the park and especially to watch the playground play festival of the school children of our city. The entire program was in charge of Supervisor A. W. Buley, director of public recreation.

The program opened with a fine concert given by the Colonial City Band, which played for half an hour from 2:30 to 3 o'clock.

The children's part of the performance began with a serpentine march of all the children of the various playgrounds, some 250 taking part, headed by Miss Riseley, of Forsyth playground, and Miss Clemmens, of McVey's playground. The Forsyth group were designated by their colors, red and white; the McVey children by green; Miss Costello's group by light blue, and Miss Gunter's group by dark blue. The serpentine march evolved itself into a small then opening into a huge circle, left the field amidst enthusiastic applause.

A Norwegian mountain march followed, given by the children of Playground Numbers 1, 2 and 3, which was very attractive.

Another pretty and characteristic dance, called "Bleking," was then given by the children of playgrounds 5, 6, 8 and city hall.

"Yankee Doodle" dance was participated in by all, even the tiniest children, who sang for their own marching, making this number particularly fascinating.

Just by way of variety, this dance was followed by the children of Forsyth playground giving their "yell," followed by McVey, who tried to go them one better with their "yell," and finally by Miss Costello's group, who put no end of ginger into their special "yell."

Then another characteristic dance was given, "The Shoemaker's Dance," by the McVey children, which called forth much applause as did every number. A particularly picturesque dance was the "Hungarian Folk Dance" given by the Forsyth children wearing gaily colored sashes. The children entered the field from behind trees and shrubs and danced to their places like so many dainty or bright colored butterflies. Entirely different but just as attractive was the last dance, the Dutch Windmill Dance, given by all of the children, the huge circle of dancing little folks making a very impressive picture.

After the dancing came the athletics, which it is now claimed have done so much to make our men at the front ready for their task of winning the war. Lawrence Goldberger of No. 79 West O'Reilly street, representing Forsyth Playground, winning so many points as to put that playground in the lead.

A 75-yard dash was won by Goldberger in 9:15 seconds, giving him 5 points. Second place was won by George Hopper, who gained 7 points, and third by Kenneth LeFevre, who won 2 points. These were all Forsyth boys.

The running high jump was the second contest, and again Lawrence Goldberger was the first winner, making 4 feet, 9 inches, 5 points. V. Van Bramer of McVey's won second place, making 4 feet, 2 inches, 2 points. V. Rice of McVey's won third place, making 3 feet, 10 inches, 2 points.

The final contest was the running broad jump in which Goldberger made 15 feet, 5 points. V. Van Bramer made 13 feet, 2 inches, 3 points; and Meyers, of Forsyth Park, made 12 feet, 1 inch, 2 points.

Summed up, the points made by the two playgrounds were: Forsyth Park Playground, 22; McVey Park Playground, 8.

This most enjoyable successful festival was in a way preparatory for the big pageant, similar to the one held last year, but which will far surpass it, to be given the latter part of this month by all of the playground children. This pageant will present all of the activities of the playgrounds for the summer, and will be a notable event.

Man's Strength Costs Life.

Kankakee, Ill., Aug. 2.—Walter McCurdy's strength cost him his life. He was a farm hand employed on a farm near here. When a heavy self-binder became jammed with a plow taking it from a barn McCurdy lifted it clear of the obstruction, immediately afterward he complained of pains in the stomach, dying in less than ten minutes.

BOY DROWNED IN RIVER THURSDAY

Richard Gardiner, aged about 7 years, was found drowned in the Hudson river off the West Park dock about 10 o'clock this morning. The boy had been missing since Thursday afternoon. His parents, who are Assemblyman and Mrs. Frank Gardiner, well known residents of Poughkeepsie, have a cottage at West Park and were spending Thursday there. Evidently the boy while playing on the dock fell overboard when no one was near to hear or see him. When it became late and the boy failed to show up the parents started a frantic search for him, and notified Sheriff Smith, who hurried to West Park in his auto this morning to help search for the missing boy. Coroner Kelly was notified of the finding of the body's body and issued a burial permit.

LEIBHARDT.

Leibhardt, Aug. 2.—An ice cream social will be held on the school house lawn Saturday evening, August 10. Everybody welcome.

Mrs. Roswell Osterhout and children of Mettuchants, Sat. urday night and Sunday with her parents, Mr. and Mrs. James Quick.

We were pleased to see so many from Whitfield and Mettuchants attend our social last Saturday evening.

William J. Brown, Ernest Brown, Alex. Brown, J. E. Lawrence and J. O. Solberg enjoyed Monday at Hurleyville, fishing.

The Rev. Mr. Heroy announced on Sunday that the annual town Sunday school picnic will be held in the Millhook Grove on Wednesday, August 28, and that all schools are invited.

Miss Bertha Embree is spending her vacation at the home of her grandmother, Mrs. Tina Gray.

Miss Georgia Hornbeck of Lake Mohonk came down last week to bid farewell to her brother, Ralph, who is enroute for Camp Dix last Wednesday.

Mr. J. O. Solberg and little son, Sidney, are spending a week in New York city.

Private Grover Smith, of Camp Upton, is on a 30 days' furlough with his family. All are pleased to see Mr. Smith.

Miss Marjory Houck of Wartburg is spending her vacation at the home of her uncle and aunt, Mr. and Mrs. L. E. Lawrence, and with her great-grandmother, Mrs. Margaret Lawrence.

Roland and Glenford Lyons, who have been spending a few weeks with their grandparents at Krumville, have returned to the home of their other grandparents, Mr. and Mrs. James Quick.

Mrs. Reuben Miller has returned from a visit with friends at Poughkeepsie.

Alton Hornbeck of Whitfield left on Tuesday for Lake Mohonk where he has a position in the store room for the rest of the season.

Preaching services will be held on Sunday afternoon August 11, by the Rev. Mr. Heroy.

A fine new service flag with eight stars has been purchased and hung in the M. E. Church in honor of our Leibhardt soldier boys who have been called to the service of our country, and on Sunday afternoon a very impressive and appropriate address was given by our pastor, the Rev. Mr. Heroy, for our boys, some who are overseas. The names of the young men are as follows:

Corporal Harry F. Brown, Privates Lawrence Davis, Joseph Hinkley, Grover Smith, Arlington D. Brown, Wilbur Brown, Neil Hornbeck and Ralph Hornbeck.

NEW HURLEY.

New Hurley, Aug. 1.—Mr. and Mrs. Ruelof DuBois and son and daughter called at Hallock Sutton's last Sunday evening.

The Rev. and Mrs. G. B. Scholten

SULLIVAN COUNTY FIRES.

Sabotage Suspected as Saw Mills are
Burned at Callicoon.

The large saw mill of Landon & Lafferty at Callicoon, Sullivan county, was destroyed by fire which broke out at 4 o'clock this morning. The loss is \$35,000 and the origin of the fire is unknown. The mill was working on rush orders for nine tires and other lumber. The firm of Landon & Lafferty has been operating on an 1,800 tract of timber at Riley's Mills for the past six years and was the largest shipper of lumber in Sullivan county. The mill just burned was erected about two years ago and employed 14 men in charge of Robert Landon.

Another mysterious fire on Saturday morning destroyed the plant of the Saulte Manufacturing Company, just across the Delaware river from Callicoon. This concern was also working on rush orders for wood work.

The two fires coming to close together and destroying plants that were working on rush orders for vitally necessary supplies have given rise to suspicion of incendiarism, having for its motive the crippling of industry and an investigation will be made.

Mr. Iceman Beware.

This morning a woman called up the board of health office at the city hall to lodge a complaint about her iceman. She said he neglected or forgot to leave her any ice and she did not want her food to spoil and wanted the health board to get after the iceman. She was advised that better results would be obtained by calling up the iceman direct.

SAUGERTIES.

Saugerties, August 3.—Mrs. William Finger, Jr., and sons, spent Wednesday with relatives in town.

Mrs. Alexander Sturgeon of Kingston, who has been visiting her mother on Jane street, has returned home.

Miss Bessie Van Buskirk of Pittsfield, Mass., is visiting her parents on Partition street.

Mrs. N. B. Reardon and Miss Bessie Reardon of Division street, spent Thursday in Kingston.

Mrs. Clarence Main and son of Stockport, are visiting relatives in town.

Miss Leona Peters of Allenstreet, has accepted a position in the Prudential Insurance Company.

Mrs. Frank Hommel of Finger street, has returned from a visit in Newark, N. J.

Mrs. George Adee and children of Orange, N. J., are visiting her mother on Partition street.

Both Legs Broken.

Leo Stopevsky, a young boy residing at 427 Delaware avenue, had both legs broken Wednesday afternoon while at play at McVey's field. He fell from an apparatus. He was removed to the Kingston City Hospital Thursday afternoon in the city ambulance.

Draw Rusted Nails.

First drive them in a little, which breaks the hold, and then they may be drawn out much easier.

SOLDIERS NEED BOOKS.

Donations May Be Made Through
the City Library.

The Kingston City Library has received today a request from the American Library Association's Headquarters in Washington for more books from this community for the men overseas.

The appeal from Washington states that new novels and good western stories, whether new or old, are most needed. Books by Zane Grey, Rex Beach, Jack London, Ralph Connor, Owen Wister and O. Henry are very popular. The City Library announces that it will receive and forward all suitable books that are turned in. It urges the friends of the soldiers and sailors, many of whom have already responded most generously to give more books.

The communication received by the library from the Washington headquarters states that over 600,000 have been sent overseas. The supply is nearly exhausted, and several hundred thousand more will be needed soon by the six dispatch offices which are now shipping books to France. The books are packed at these dispatch offices in strong cases, so built that they serve as a bookcase.

They go on the decks of transports, in cargo vessels and in naval vessels. Those that go on the decks of transports are open so that the men may have reading matter for use on the voyage. All these books are gathered together again, if stormy, it will be held in the parish house.

However, replaced in the cases and delivered to the proper officials in France.

In France, the books are distributed by an experienced librarian, representing the American Library Association. Most of them go to the Y. M. C. A., Red Cross and Salvation Army, but, hospitals and canteens. Others go directly to chaplains and officers.

GOSHEN FIRE.

Duffy Cider Plant Destroyed With
Loss of \$100,000.

Three of the four buildings of the plant of the Duffy Cider and Vinegar Co. at Goshen were completely destroyed by fire early Thursday morning. The fire is believed to have been of incendiary origin. The fire departments from Goshen and Middletown were called and were unable to curb the flames. The loss is estimated at \$100,000, with some insurance. The concern employed 12 persons and in the busy season 40 were employed. The largest building destroyed was 60x148 feet. The only building saved was the filling room, 30x100 feet in size.

Lawn Party at Rosendale.

The several societies of All Saints' Episcopal Church, Rosendale, will hold a lawn party on the church grounds on Wednesday evening, August 7. Home made ice cream, cake, mineral water, etc., will be served. A cordial welcome is extended to all who come. Proceeds for the benefit of the church. If stormy, it will be held in the parish house.

DR. SNYDER LAUDS WORK OF WOMEN

Former Sanitarium Staff Doctor in France Says They Are One of Biggest Factors—Further Comment on Conditions.

The following extracts have been taken from a letter received by Dr. Mary Gage Day, of this city, from Dr. Frederick Snyder, now in France, who, before enlisting in the M. C. of the U. S. army, was for a number of years on the staff of doctors at the Benedictine Sanitarium and one of Kingston's leading physicians and surgeons.

"Over Here," June 30th, 1918. Dear Dr. Day. In a letter received from home, I see you are back again into the fold and working at the profession. Your help and influence is needed in Kingston, more than ever, and I'm glad you're there in these troublous days.

The game over here is getting so large and the work so varied that hardly any excuse is big enough to keep any doctor at home, so they might as well pack a kit bag, hit the trail, and help "carry on." No one wants to come in thinking the job is a picnic because "it's not." I've heard it rumored there were some soft snappers in the Medical Corps but I've not found it to be so. The first thing a doctor with troops does is to have an extra sole put on his boots then adds a few hob nails and starts out to wear them out which he succeeds in doing after a hike of a hundred miles over the beautiful roads of France. By this time he's sufficiently experienced to become a specialist on blistered feet and kindred ailments, also an expert on the relative value—as a beverage—of water and French wine. On the first day wine will probably win out, after that he decides in favor of water even though it isn't good old Sackville.

If you happen to get a good berth in a base or general hospital you probably will live like a king provided a "Jerry" doesn't fly over you some night and smash you up. There may be some peculiar reason why he bombs hospitals but so far I've failed to grasp the psychology of the Boche. It is the idea that he can scare the profession he might as well quit and as for the nurses, God bless them, they are even better soldiers than the men.

This war has shown what women do. If man thought he was king of the earth before, he now knows there is a queen who will have something to say after this. The work which the women of the world are doing today is going to be one of the biggest factors in winning the war. I honestly believe we have an army of the finest men in the world and the reason of this is, that we have, back of us, an army of the noblest women in the world.

The whole game is divided into those who prevent and those who repair. I've spent a year on prevention, which means I have not performed one operation in all that time. I know of a fellow who did sixty last week. While he was on his job I was on mine, walked one hundred miles, looked after one thousand men and at the end of the week had every man ready to fight and couldn't help being a little inflated over my work. I expect soon to join the repair hands if the Boche doesn't get me which I pray God may not happen. Yours very sincerely,

F. SNYDER,

BLACK AND WHITE AND RED CURRANTS.

Currents are a favorite fruit with nearly everybody. The red currant is most commonly used for jellies, although many use the combination of red and white, making a light colored jelly.

Current juice is so very delicious and the seeds often quite objectionable, so that the juice is used in combination with orange, cherry and other fruits to make a most dainty conserve.

The black currant is not as common as it once was, but makes a most delicious jam for those who are sufficiently old-fashioned not to have forgotten grandmother's garden where the dear old black currants were always found.

The delicious bar le due currents may be prepared at home, using the large cherry currents, carefully removing the seeds with a large needle.

Cook the seeded currents very fully and stir into glasses of jelly. Put away in a cool, dry place for winter use. This conserve being very rich, is used only in small quantities as a garnish.

For jelly making currents as well as other fruit should not be too ripe, nor picked after a heavy rain. Pick over the currents but do not remove the stems. Wash and drain and mash in a preserving kettle with a wooden potato masher, adding more until there is enough to cook in the receptacle. Cook until the currents have a white appearance, strain through a colander, or put into a jelly bag at once. Measure the juice and boil five minutes, then add an equal measure of heated sugar unless one wishes a sour jelly. Boil three minutes. Try a little in a cold saucer; if a thin skin forms, pour at once into the glasses. Jelly should be firm enough to keep its shape when turned from the glass, clear, of good flavor, and when cut leave sharp edges. Store in a cool, dry place for winter.

Red currant and red raspberry makes a most deliciously flavored jelly.

RED CROSS RECEIPTS AT NAPANOGH

The receipts of the Red Cross sales in their three tents on the grounds at the first annual rally and field day of the farm bureaus of three counties Tuesday amounted to \$475. This cleared for them \$225. Such is the report received from the headquarters of the Red Cross Chapter at Ellenville. It was the Ellenville Chapter that conducted the business and furnished the help. The sales were sandwiches, coffee and milk in one tent; ice cream cones in another; and soft drinks in the third. Mrs. C. B. Divine of Ellenville had charge of the whole affair. It all went off smoothly and those who have mentioned that fact have given special credit to Mrs. Divine. Though the many women who worked in the tents are deserving of every compliment that can be paid them. There was not sufficient counter room. Customers had to crowd in and elbow one another; wait their turn. There were enough help to serve them promptly if they could have got anywhere near the counter.

As it was, the foods ran out, or most of them, before all could be served. The demand for ice cream cones was very large and many hundreds more could have been sold if the cones had not run out. Finally the cream was exhausted.

GERMAN BASE IN GRAVE DANGER

By Telegram to The Freeman.

Paris Aug. 2.—(1:25 p. m.)—The capture of Ville En Tardenois from the Germans is imminent and a slow retirement of the Germans to the Vesle river was predicted by competent military critics this afternoon.

Cutting into the German lines on the heights north of Fere En Tardenois, the Allies continue their slow but steady progress. The advance is giving the Allied artillery command of all of the roads leading from Soissons to Rheims.

Fismes, Baseoches and Brasse, three important railway points, are being taken under harassing fire.

ABOUT THE FOLKS.

Mr. and Mrs. David Weil of Auburn street, are spending their vacation at Neponset, L. I.

Mr. and Mrs. Milton H. Hoff of Jersey City spent Wednesday at the home of Mrs. E. Van Hoevenburg on Prospect street.

Policeman and Mrs. Fout, who motored to Boston by way of New York, visited Mrs. J. Henderson at West New York, N. J.

Mrs. Alonzo Kenyon and two little daughters of 410 E. Main street, Torrington, Conn., formerly of this city, are visiting at the home of Miss May Collins, 106 North Front street.

Earl Marshall, of Pittsfield, Mass., formerly of this city, is spending the week end in town visiting friends. He will entrain on Monday from Pittsfield to Syracuse Recondit Camp, Syracuse, N. Y., having been drafted into limited service.

William J. Stock of No. 64 Brewster street, after several serious operations at the Benedictine Sanitarium yesterday morning for appendicitis and other troubles. All conditions are favorable and a rapid recovery is confidently expected.

Miss Mary McCaffrey, who has been visiting her parents on Downs street, has gone to Camp Lee, Va., having been called into service. Miss McCaffrey is a graduate of St. Joseph's Hospital, Yonkers, N. Y., and recently volunteered as a nurse.

Miss Mae Lenahan of Athens, Miss Mary Costello and Miss Marie Dwyer and brother, Thomas, of this city left by motor this morning for New London, Conn., to visit for the week end Coxswain Richard Lenahan, who is stationed at New London.

L. P. Bannon and Bernard Loughran motored to Greycourt, Orange county, Thursday, where they heard Alfred E. Smith, president of the Board of Aldermen of Manhattan, deliver for Mayor Hylan, the principal address at the ceremony of laying the cornerstone of the Woman's Farm Colony, established by New York city. L. P. Bannon Co. have a large contract there.

Auto Broke Letter Box.

Late Thursday afternoon an auto owned by Wieber & Walter, the plumbing firm, ran into a street gas lamp post to which was attached a letter box, at the corner of Hasbrouck avenue and East Union street, putting the lamp post out of commission and wrecking the letter box. The accident was due to the fact that the plumbing auto and another auto turned into East Union street at the same time and narrowly escaped collision with each other, and the plumbing auto in avoiding the other auto hit the lamp post.

Spencer's Notes.

WANTS MORE MECHANICS.

Opportunity for Grammar School Graduates to Take Course of Mechanical Training.

Local boards for Divisions 1 and 2 of Ulster county received a bulletin this morning from the adjutant general's office giving particulars of additional calls for grammar school graduates with mechanical experience to take a course of mechanical training in government schools at the government's expense.

No voluntary enlistments will be accepted under this call after August 6.

The calls and the schools to which those accepted are to be sent, are as follows: Call 1886, Potsdam; call 1102, Syracuse University, Syracuse; call 1107, Cornell University, Ithaca. All of these schools are in this state. At the completion of the course the men will be assigned to that branch of the service where they are the most needed. The course offers an unusual opportunity to acquire mechanical training of a very practical nature.

Tuesday a rain came very acceptably in this vicinity, doing much good, and also the weather is much colder, for which thanks should be extended to our heavenly father.

Wheat on Hand.

Washington, D. C., Aug. 1.—The commercial stocks of wheat reported to the Department of Agriculture in a food survey dated July 1, 1918, amounted to 9,237,059 bushels, according to a statement just issued by the department. This refers to stocks actually reported and does not represent an estimate of the total commercial stocks of the country; neither do the figures include stocks on farms on July 1.

The commercial stocks reported were held by 7,989 firms out of a total of 12,019 submitting reports, the firms consisting of elevators, warehouses, grain mills, and wholesale grain dealers, and were equal to 28.8 per cent of the stocks held by the same firms on July 1, 1917.

35, Drafted.

Aurora, Mo., Aug. 2.—Claude Lee, thirty-five, is the oldest drafted man in Missouri to be called into the military service.

Lee, who served several years in the army, was rejected early in the spring of 1917 for overweight. He tried many times to get in, but failed. When June 5, 1917, came, he registered as thirty-one. After the matter was investigated he was placed in Class 1. Recently he was called, but declared he was afraid he would not pass the overseas test. He desires to do almost anything to get "over there."

30 Inches of Hail.

South Windsor, Conn., Aug. 2.—There was no shortage of ice here a few days ago after a hail storm in which chunks of hail covered the ground to a depth of two and one-half feet in low spots. The storm was the evening and the following morning several inches of ice remained on the ground until the sun melted it. Many persons filled their refrigerators or froze ice cream with the product. Fortunately, the storm covered only a small area, as it ruined many vegetables, but skipped the rich tobacco growing district.

Calls Wife Pro-German.

Oyster Bay, Aug. 2.—Charging his wife with pro-Germanism when she caused his arrest on the ground of non-support, Benjamin Burnham declared in court that she had destroyed four American flags, a picture of Washington and one of Lafayette and had exclaimed to him: "The Crown Prince ought to be walking up Broadway, dragging President Wilson behind him."

Burnham said that his wife took their children to the woods so they would not see the patriotic parade on July 4. He promised the court he would support his family.

Universal Electricity.

The increasing use of electricity for household as well as business purposes has led to the prediction of universal water. The cost will be reduced to a minimum and it will be as unheard of to charge even a stranger for a nominal amount of electricity as to charge a water tax to the person who asks for a drink.

U.S. DEPT. OF AGRICULTURE

HOW TO CAN

FIGS

Figs for canning should be sound and firm. Sprinkle one cupful of soda over six quarts of figs and add one gallon of boiling water. Allow the figs to stand in the soda bath for five minutes. Drain and rinse thoroughly. Bring two quarts of sirup, made by using three pounds and nine ounces sugar to one gallon of water, to boiling and add the well-drained figs. If desired the amount of sugar may be reduced, but it is not advisable to attempt the canning of figs without any sugar at all.

Allow the fruit to boil in the sirup for one hour. Place the fruit carefully in the jars and then fill to overflowing with the sirup. Partially seal jars. Boil (process) quart jars for 30 minutes in water bath. Seal. When cold test jars for leaks. Store in a cool, dark, dry place.—United States Department of Agriculture.

RETAIL MILK PRICES RAISED

County Milk Producers Initiate Advance, Which Is Passed Along to Consumer—Pastureage Poor.

Retail dealers in milk, by reason of an advance in the wholesale price made by members of the Ulster County Milk Producers' Association, are raising the price of bottled milk delivered to consumers from 10 and 11 cents to 12 and 14 cents per quart. Prices have been raised all over the state by reason of the high cost of feed, dairymen being compelled to use considerably more feed by reason of there being poor pasture. As was stated in The Freeman a few days ago, the supply of milk hereabouts is not fifty per cent of what it should be. Owing to the government ordering a large curtailment in the use of sugar, an increase in the price of condensed milk will be made in the near future.

AQUEDUCT GUARD

Will be Provided for by New Citizen's Committee.

Soldiers guarding the New York aqueduct at Croton are not to be neglected. As the result of a meeting held recently in Garrison at the home of Stuyvesant Fish, a committee has been formed to look after the entertainment and recreation of the 1,500 men and officers stationed at the aqueduct.

The organization, which is called the "Aqueduct Guard Citizens' Committee," is made up of the most prominent persons in Westchester, Ulster, Putnam and Orange counties. The president of the new organization is Judge Alton B. Parker of Esopus. Judge John G. Van Etten of Kingston and William Church Osborn of Garrison are the vice presidents. Lewis Gouverneur Morris of Yonkers is secretary and James Speyer of Scarborough is treasurer. Justice George L. Genung, of the municipal court, is in active charge of the work of the committee, and is to live at the aqueduct in order to keep in touch with the needs of the men.

Active work is to be commenced at the aqueduct this week, following a meeting which is to be held in New York city. Plans for the present consist of the formation of a canteen, an athletic field, motion picture productions, reading rooms and an automobile service to nearby towns and cities. The National League for Women's Service, the Red Cross, Y. M. C. A., State Women's War Relief and other organizations have approved the formation of the committee and have offered their assistance.

The announcement of the committee states:

"The duty of guarding the water supply of New York city is an important one and the men who volunteer to do this work are entitled to have as much done for them, both as regards sanitary living conditions and recreation, as the men in the larger camps in this country and abroad.

"A number of our patriotic fellow citizens residing in the towns and villages near the aqueduct have during the past year done a good deal for some of these posts. While these individual efforts have been much appreciated by officers and men, and by the authorities, we are of the opinion that the problem can be much more effectively and economically solved by co-ordinating all efforts and by giving all residents of Westchester, Putnam, Orange and Ulster counties a chance to do their share for these men, who have felt lonely and forgotten, although in one of the most beautiful and densely populated sections of our state."

The work of the committee is expected to cost about \$15,000 the first year. Some of this already has been subscribed by members of the organization. Among those who have subscribed are the following: Mr. and Mrs. William Church Osborn, \$500; Mr. and Mrs. V. Everit Macy, \$500; Mr. and Mrs. James Speyer, \$500; Stuyvesant Fish, \$250; Mr. and Mrs. Felix M. Warburg, \$250; Mr. and Mrs. Finley J. Shepard, \$250; Col. and Mrs. Herman A. Metz, \$250; Adolph Lewisohn, \$100; Mr. and Mrs. Kalman Haas, \$100; Mr. and Mrs. Lewis Gouverneur Morris, \$100; Mr. and Mrs. Frederick M. Hilton, \$100; Mr. and Mrs. Scott R. Hayes, \$100.

In addition to those already mentioned, some of the other members of the committee who are actively aiding in the work are Robert Walker, Scarsdale, Capt. Charles W. Baldwin, Scarborough, A. P. Cobb, Tarrytown, A. L. Healy, Cold Spring, Edward Cockendall, Kingston, Mrs. E. H. Harriman, Arden, J. B. D. Odell, Newburgh, Mrs. James O. Winston, Sangeries, Samuel Sloan, Garrison, Mrs. Peter Durra, Scarborough, Mrs. Casper Whitney, Bronville, Mrs. Francis H. Leggett, Stone Ridge, and R. E. Willis, Dobbs Ferry.

TILLSON.

Tillson, August 1.—This community was very sorry to hear of the death of George McMullen, a former resident of this place, who resided in Walden at the time of his death, last Wednesday. Mr. McMullen visited his parents, Mr. and Mrs. Albert McMullen, the Fourth of July and was apparently in the best of health at that time. He leaves a wife and one little son, besides his father and mother, one sister, Mrs. Oliver Keator, and other relatives, and friends who extend their heartfelt sympathy to those who are left to mourn. The funeral was held at his late residence in Walden with burial in Lloyd cemetery.

The Rev. Mr. Kelly, of the Friends' Church, was calling on people of this place one day last week. Mr. and Mrs. Leon Clark and children are spending some time with relatives here.

Rev. Joseph Millett and family visited at Silas Terwilliger's for a few days the past week.

The ice cream social held in the Reformed Church hall was well attended.

Joe Embrey has moved his family to Walden, where he has employment.

ROBB STATIONED AT PIG POINT

JOHN S. ROBB.

Son of Mrs. Mary A. Robb, of 320 Wilbur avenue, who enlisted in the United States Army in the Ordinance Detachment in February, 1918, and is stationed at Pig Point, Va. He will be glad to hear from and of his friends.

Cultivate the Summer Garden.

When summer comes the planting enthusiasm of springtime has passed, and so have lettuce, and radishes, spinach and peas. Weeds grow unceasingly, and the hoeing vigor of the gardener is reduced as the season advances. The vegetables languish. Many a man that was a garden convert in April, is a backslider in the hot months. Says the State College of Agriculture, "Many a clean April garden is a place of weeds later on and 'things rank and gross in nature possess it merely.'"

Planting alone never did make a good garden, and summer is a time for tillage. Hoe without ceasing, except immediately after a heavy rain. Hoe shallow and hoe every bit of the surface, right up to the base of the vegetables, so that the soil is fine all over when the job is done.

Hoe even when there are no weeds to kill, if by any chance such a condition should ever be discovered in the garden. It keeps in the moisture. Hoe often; but hoe intelligently. Don't hoe beans in the early morning when they are wet; it will injure their leaves. And never hoe anything deep enough to cut the roots of the plants; even weeds are best killed by cutting them off just below the surface of the ground.

Summer is the time of great garden activity. The weeds and the bugs are then most active; can the gardener afford to be idle?

Historic Guns.

Seattle, Aug. 2.—Two six-inch guns reposing peacefully for several years in a Seattle park, but which twenty years ago, mounted on the decks of the gunboat Concord, aided Admiral Dewey in capturing Manila, are once more to take part in a war against autocracy. This time they will play a silent but important part. The Park Board has been asked by the navy department to send the guns to Puget Sound Navy Yard at Bremerton, Wash., there to be used in training naval recruits in the art of handling big guns.

THIS SELECTIVE WAS IN LUCK

Newburgh Attorney Brought Vanderzee From Adirondacks in Time to Go From Here With Colored Contingent.

A colored select who left Kingston with his detachment would not have been able to respond to the roll call had it not been for the kindly offices of Attorney Robert H. Barnett of Newburgh, says the Daily News. That was Mr. Barnett and his family who have been in the Adirondacks, were in the Fulton Chain Wednesday when a telegram was received by one of the colored attendants at the hotel, directing him to report for service in Kingston at 8 o'clock next morning. Mr. Barnett heard the porter lamenting the apparent impossibility to meet requirements and volunteered to see him through. The colored man packed his grip and was ready by the time Mr. Barnett and his family were to start on Monday. Mr. Barnett gave the man a coat each to see him safely through, obtained for him a dinner, and directed him to take the West Shore train for Kingston where he doubtless arrived at a late hour at night.

The colored man was Sylvester Tunis Vanderzee of this city, and he entrained to Camp Upton all right.

STELLES' GREAT 11th ANNUAL SUNSHINE SUMMER SHOE SALE

Tomorrow will probably find as many people attending this great money saving shoe sale as were present on the opening day, a week ago. The dependability of our merchandise combined with the extremely low prices we are now quoting during this sale should, and probably will, attract every person desiring to save money on their summer footwear needs.

There are hundreds of bargains in men's women's and children's footwear to select from and in nearly every instance your correct size and width awaits you at prices which represent only a small portion of the original cost of the footwear.

The fact that our summer is just nicely beginning means that you will have a longer time to wear your purchases before the cold weather sets in for fall and winter, and the fact that footwear is constantly advancing in price makes the low prices at which we are now quoting on these best value shoes more wonderful than at any of our previous sales.

WOMEN DRIVERS IN WAR SERVICE

Instructed in New York Course By Generous Garage Owners and Employees—Women's Ambulance Service Members Are Fitted to Help the War.

One of the most interesting features of the parades in Kingston where recruits are sent to camp and where they have most largely attracted public attention, is the women's ambulance corps division of good motor cars occupied by women drivers, each with a companion and both in uniform. The appearance of the women's ambulance corps of Ulster county in these parades should be understood as the least part of their service. Their multitudinous activities are not on public view, hence they are not getting the popular credit they are entitled to have.

It is often asked why call them an ambulance corps? What is the need of an ambulance corps here at home? Both questions are answered by the explanation that the term ambulance in military service applies to all vehicles that are carriers.

The utility of women as drivers of motor cars in this war, releasing just that number of men for service in which men are most needed, is recognized by the government.

The women who have entered the ambulance corps are enthusiastic motorists, ordinarily capable of driving cars, but most of them without instruction in the duties of the mechanic which is highly important for the driver of a car in war service. The drivers in the ambulance corps who take the higher branch of instruction are given the regular New York course that fits them for the most efficient work of drivers of cars. Women drivers of motor cars are commonly employed in all branches of the government in this war.

There are enlisted (enrolled) is perhaps the best term to use here) in the Ulster county unit of the women's ambulance corps, those who are accepted as representing the best of Ulster county's young women; those of them of good families who are taken because their hearts are in the work, because they can give the time that may be required of them. They are entitled to the most respectful and considerate treatment, such as their position outside of this service gives them. Too often when driving, they are treated without thought of all this. Sometimes bawled at. They are not doing this for any sort of remuneration. They are not drivers of public cabs subject as such to the whims and rudeness some people think is the smart way of treating cab drivers. They are working not only certain hours in the ambulance corps but are voluntarily putting in their time in other work to help in the war.

The Ulster county ambulance corps was organized by a council of five, to be known as a part of the 10th Regiment of the New York Guard. The organizers were Captain Everett Fowler of Co. M, 10th Regiment, N. Y. Guard; Frank Coykendall, chairman of the administrative committee of the Ulster County Red Cross, and Mrs. John N. Cordis, Mrs. William S. Carter and Mrs. John D. Schoonmaker of the women's home defense of Ulster county.

Twenty-six of the Ulster county ambulance corps have taken the regular New York course, fitting themselves as drivers in the upper branch of the service. The training and instruction, the road tests and other experiences gained by them have been obtained through owners of garages in the city, their chauffeurs and mechanics who have given their time and services without cost for such service. Some contributed gasoline. The girls are highly appreciative of all this and they desire to have the fact published. They mention the Stuyvesant, Eagle, Ulster, Forsyth & Davis's, Kennedy's and Schryver's garages where all employees have taken personal interest in helping the girls to obtain proficiency in handling cars and they also extend thanks to Messrs. Leon Chambers, J. T. Avery, George Schryver and Robert Martin for the many courtesies received from them and their generosity and helpfulness to the girls, and in the interest they all along have shown in the advancement of the girls. So thorough has been this training that this class of twenty-six has passed in examinations and road tests with an average of 95 per cent. The girls regard this as a practical education in operating cars that may naturally be useful to them individually. They are fully qualified operators, licensed drivers and mechanics and competent to give first aid which is needed to qualify drivers in the upper class.

Others eligible to enter the two lower branches or classes are the women who are fit to drive a car and can give their time when called on to accompany the driver of a car on a call.

Many of the women who are enrolled in this service have placed their own cars at its disposal. For the present the corps is not handicapped for lack of cars, but when more will be needed there is no doubt they will be readily obtained.

The women's ambulance corps renders service in large measure in four organized war activities: First of all they are at the command of Co. M. and rated as a part of the New York Guard. This gives them the important work of carrying comfort kits to all parts of the county.

Next to their military duties they are subject to the call from the Red Cross. In this department of work they have much to do, carrying messages, utilities, productions and doing a general running around on Red Cross business. Some of the Red Cross officials in Kingston use their own cars.

The other branches of service they are called in for are the home defense and child welfare. There has grown up in the hospitals of the country a demand for student nurses and the ambulance corps is at the disposal of the city hospital and the Benedictine Sanitarium for the need of that service. In child's welfare work the cars go into every township in the county. In all of these organized war activities it will be seen there is plenty of work for the women's ambulance corps.

The qualified drivers of these cars are signed up for duty for certain hours, and not for continuous service. During those hours their time is fully given to the service. When not on duty their time is their own. In other words the drivers in the women's ambulance corps are not responsive to demands on them except during the hours assigned to them.

When a driver is signed up for duty she is provided with tickets attached to stubs. She fills out a ticket for every call, giving the time, destination, service, mileage and driver. The stubs turned into headquarters are the vouchers on which the cost for gasoline can be obtained from the Home Defense Fund. That is the only thing paid out of this fund for running the cars.

Drivers are requested to wear their uniforms when on duty. No driver is permitted to go out on a call after 8 p. m. without being accompanied by another member of the corps, also uniformed. When a driver with car is needed the call is made by the commanding officer or the official in charge of that branch of the service to which the driver has been called and the order that authorizes the use of the driver and car comes from the commander of the Women's Ambulance Corps, Lieutenant Adah D. White.

It is stated, with much regret, that there has been too much use of drivers and cars in service for those who are not entitled to them, leaving the cost of the gasoline to be paid out of the fund. Many well-meaning persons think that for reasons of their own, they should be given free car service. This is in violation of the rules, the purposes and the meaning of this service. When drivers are off duty their time is their own. But when on duty it is not fair to themselves or to the service to ask them to run on calls for personal needs. In cases where they are called by friends of drivers it is embarrassing

Ignorant of War.

Kemmerer, Wyo., Aug. 2.—Constantine Guberoff, an aged Russian, who claims to be gathering information for a book he intends to publish, by "tic walking," which occupation Guberoff claims to have been employed for eight years, said he did not know this country or any other country was at war. Guberoff was arrested as a "work slacker."

BOY DROWNED IN RIVER THURSDAY

Richard Gardiner, aged about 7 years, was found drowned in the Hudson river off the West Park dock about 10 o'clock this morning. The boy had been missing since Thursday afternoon. His parents, who are Assemblyman and Mrs. Frank Gardiner, well known residents of Poughkeepsie, have a cottage at West Park and were spending Thursday there. Evidently the boy while playing on the dock fell overboard when no one was near to hear or see him. When it became late and the boy failed to show up the parents started a frantic search for him, and notified Sheriff Smith, who hastened to West Park in his auto this morning to help search for the missing boy. Coroner Kelly was notified of the finding of the body's body and issued a burial permit.

LEIBHARDT.

Leibhardt, Aug. 2.—An ice cream social will be held on the school house lawn Saturday evening, August 10. Everybody welcome.

Mrs. Roswell Osterhout and children of Mettacaohis spent Saturday night and Sunday with her parents, Mr. and Mrs. James Quick. We were pleased to see so many from Whitfield and Mettacaohis attend our social last Saturday evening.

William J. Brown, Ernest Brown, Alex Brown, J. E. Lawrence and J. O. Solberg enjoyed Monday at Haverhill fishing.

The Rev. Mr. Heroy announced on Sunday that the annual town Sunday school picnic will be held in the Millhook Grove on Wednesday, August 28, and that all schools are invited.

Miss Bertha Embree is spending her vacation at the home of her grandmother, Mrs. Tina Gray.

Miss Georgia Hornbeck of Lake Mohonk came down last week to bid farewell to her brother, Ralph, who is enroute for Camp Dix last Wednesday.

Mrs. J. O. Solberg and little son, Sidney, are spending a week in New York city.

Private Grover Smith, of Camp Upton, is on a 30 days' furlough with his family. All are pleased to see Mr. Smith.

Miss Marjory Houck of Wurtsboro is spending her vacation at the home of her uncle and aunt, Mr. and Mrs. L. E. Lawrence, and with her great-grandmother, Mrs. Margaret Lawrence.

Roland and Glenford Lyons, who have been spending a few weeks with their grandparents at Krumville, have returned to the home of their other grandparents, Mr. and Mrs. James Quick.

Mrs. Reuben Miller has returned from a visit with friends at Poughkeepsie.

Alton Hornbeck of Whitfield left on Tuesday for Lake Mohonk; where he has a position in the school room for the rest of the season.

Preaching services will be held on Sunday afternoon August 11, by the Rev. Mr. Heroy.

A fine new service flag with eight stars has been purchased and hung in the M. E. Church in honor of our Leibhardt soldier boys who have been called to the service of our country, and on Sunday afternoon a very impressive and appropriate address was given by our pastor, the Rev. Mr. Heroy, for our boys, some who are overseas. The names of the young men are as follows: Corporal Harry P. Brown, Privates Lawrence Davis, Joseph Hinkley, Grover Smith, Arlington D. Brown, Wilbur Brown, Neil Hornbeck and Ralph Hornbeck.

SULLIVAN COUNTY FIRES.

Sabotage Suspected as Saw Mills are Burned at Callicoon.

The large saw mill of Landon & Lafferty at Callicoon, Sullivan county, was destroyed by fire which broke out at 4 o'clock this morning. The loss is \$35,000 and the origin of the fire is unknown. The mill was working on rush orders for mine tires and other lumber. The firm of Landon & Lafferty has been operating on an 1,800 tract of timber at Riley's Mills for the past six years and was the largest shipper of lumber in Sullivan county. The mill just burned was erected about two years ago and employed 14 men in charge of Robert Landon.

Another mysterious fire on Saturday morning destroyed the plant of the Saulte Manufacturing Company, just across the Delaware river from Callicoon. This concern was also working on rush orders for mine tires.

The two fires coming so close together and destroying plants that were working on rush orders for mine tires, has given rise to suspicion of incendiarism, having for its motive the crippling of industry and an investigation will be made.

Mr. Iceman Beware.

This morning a woman called up the board of health office at the city hall to lodge a complaint about her ice man. She said he neglected or forgot to leave her any ice and she did not want her food to spoil and wanted the health board to get after the ice man. She was advised that better results would be obtained by calling up the ice man direct.

SOLDIERS' NEED BOOKS.

Donations May Be Made Through the City Library.

The Kingston City Library has received today a request from the American Library Association's Headquarters in Washington for more books from this community for the men overseas.

The appeal from Washington states that new novels and good western stories, whether new or old, are most needed.

Books by Zane Grey, Rex Beach, Jack London, Ralph Connor, Owen Wister and O. Henry are very popular. The City Library announces that it will receive and forward all suitable books that are turned in. It urges the friends of the soldiers and sailors, many of whom have already responded most generously to give more books.

The communication received by the library from the Washington headquarters states that over 600,000 have been sent overseas. The supply is nearly exhausted, and several hundred thousand more will be needed soon by the six dispatch offices which are now shipping books to France. The books are packed at these dispatch offices in strong cases, so built that they serve as a bookcase.

They go on the decks of transports, in cargo vessels and in naval vessels. Those that go on the decks of transports are open so that the men may have reading matter for use on the voyage. All these books are gathered together again, however, replaced in the cases and delivered to the proper officials in France.

In France, the books are distributed by an experienced librarian, representing the American Library Association. Most of them go to the Y. M. C. A., Red Cross and Salvation Army huts, hospitals and canteens. Others go directly to captains and officers.

GOSHEN FIRE.

Duffy Cider Plant Destroyed With Loss of \$100,000.

Three of the four buildings of the plant of the Duffy Cider and Vinegar Co. at Goshen were completely destroyed by fire early Thursday morning. The fire is believed to have been of incendiary origin. The five departments from Goshen and Middletown were called and were unable to curb the flames. The loss is estimated at \$100,000, with some insurance. The concern employed 12 persons and in the busy season 40 were employed. The largest building destroyed was 60x116 feet. The only building saved was the filling room, 30x100 feet in size.

Lawn Party at Rosendale.

The several societies of All Saints' Episcopal Church, Rosendale, will hold a lawn party on the church grounds on Wednesday evening, August 7. Home made ice cream, cake, mineral water, etc., will be served. A cordial welcome is extended to all who come. Proceeds for the benefit of the church. If stormy, it will be held in the parish house.

RED CROSS RECEIPTS AT NAPANOCH

The receipts of the Red Cross sales in their three tents on the grounds at the first annual rally and held day of the farm bureaus of three counties Tuesday amounted to \$475. This cleared for them \$225. Such is the report received from the headquarters of the Red Cross Chapter at Ellenville. It was the Ellenville Chapter that conducted the business and turned the help. The sales were conducted by coffee and milk in one tent; ice cream cones in another; and soft drinks in the third. Mrs. C. B. Divine of Ellenville had charge of the whole affair. It all went off smoothly and those who have mentioned that fact have given special credit to Mrs. Divine. Though the many women who worked in the tents are deserving of every compliment that can be paid them. There was not sufficient counter room. Customers had to crowd in and elbow one another, wait their turn. There were enough help to serve them promptly if they could have got anywhere near the counter. As it was, the foods ran out, or most of them, before all could be served. The demand for ice cream cones was very large and many hundreds more could have been sold if the cones had not run out. Finally the cream was exhausted.

GERMAN BASE IN GRAVE DANGER

By Telegram to The Freeman.
Paris Aug. 2—(1:25 p. m.)—The capture of Ville En Tardenois from the Germans is imminent and a slow retreat of the Germans to the Vesle river was predicted by competent military critics this afternoon. Cutting into the German lines on the heights north of Fere En Tardenois, the Allies continue their slow but steady progress. The advance is giving the Allied artillery command of all of the roads leading from Soissons to Rheims. Fismes, Baseoches and Brasse, three important railway points, are being taken under harassing fire.

L. F. Bannon Co. have a large contract there.

Auto Broke Letter Box.

Late Thursday afternoon an auto owned by Wieber & Walter, the plumbing firm, ran into a street gas lamp post to which was attached a letter box, at the corner of Hasbrouck avenue and East Union street putting the lamp post out of commission and wrecking the letter box. The accident was due to the fact that the plumbing auto and another auto turned into East Union street at the same time and narrowly escaped colliding with each other, and the plumbing auto in avoiding the other auto hit the lamp post.

Spencer's Notes.

Ernest Sutton of Saugerties, an experienced graduate of Spencer's Business School, has obtained an excellent lucrative position as bookkeeper and clerk in the National Bank of Commerce on Nassau street, New York city. WANTS MORE MECHANICS.

Opportunity for Grammar School Graduates to Take Course of Mechanical Training.

Local boards for Divisions 1 and 2 of Ulster county received a bulletin this morning from the adjutant general's office giving particulars of additional calls for grammar school graduates with mechanical experience to take a course of mechanical training in government schools at the government's expense. No voluntary enlistments will be accepted under this call after August 6.

The calls and the schools to which those accepted are to be sent are as follows: Call 1986, Potsdam; call 1102, Syracuse University, Syracuse; call 1107, Cornell University, Ithaca. All of these schools are in this state. At the completion of the course the men will be assigned to that branch of the service where they are the most needed. The course offers an unusual opportunity to acquire mechanical training of a very practical nature.

Stephen Smith and family are going to visit relatives near Yankee Pond, Sullivan county, this week.

Tuesday a rain came very acceptable in this vicinity. Doing much good, and also the weather is much colder, for which thanks should be extended to our heavenly father.

Wheat on Hand.

Washington D. C. Aug. 1.—The commercial stocks of wheat reported to the Department of Agriculture in a food survey dated July 1, 1918, amounted to 9,227,059 bushels, according to a statement just issued by the department. This refers to stocks actually reported and does not represent an estimate of the total commercial stocks of the country; neither do the figures include stocks on farms on July 1. The commercial stocks reported were held by 7,989 firms out of a total of 12,019 submitting reports, the firms consisting of elevators, warehouses, grain mills, and wholesale grain dealers, and were equal to 28.8 per cent of the stocks held by the same firms on July 1, 1917.

35, Drafted.

Aurora, Mo., Aug. 2.—Claude Lee, thirty-five, is the oldest drafted man in Missouri to be called into the military service. Lee, who served several years in the army, was rejected early in the spring of 1917 for overweight. He tried many times to get in, but failed. When June 5, 1917, came, he registered as thirty-one. After the matter was investigated he was placed in Class 1. Recently he was called, but declared he was afraid he would not pass the overseas test. He desires to do almost anything to get "over there."

30 Inches of Hail.

South Windsor, Conn., Aug. 2.—There was no shortage of ice here a few days ago after a hail storm in which chunks of hail covered the ground to a depth of two and one-half feet in low spots. The storm was the evening and the following morning several inches of ice remained on the ground until the sun melted it. Many persons filled their refrigerators or froze ice cream with the product. Fortunately the storm covered only a small area, as it ruined many vegetables, but skipped the rich tobacco growing district.

Call Wife Pro-German.

Oyster Bay, Aug. 2.—Charging his wife with pro-Germanism when she caused his arrest on the ground of non-support, Benjamin Burnham declared in court that she had destroyed four American flags, a picture of Washington and one of Lafayette and had exclaimed to him: "The Crown Prince ought to be walking up Broadway, dragging President Wilson behind him."

Burnham said that his wife took their children to the woods so they would not see the patriotic parade on July 4. He promised the court he would support his family.

Universal Electricity.

The increasing use of electricity for household as well as business purposes has led to the prediction of universal water. The cost will be reduced to a minimum and it will be as unheard of to charge even a stranger for a nominal amount of electricity as to charge a water tax to the person who asks for a drink.

HOW TO CAN FIGS

Figs for canning should be sound and firm. Sprinkle one cupful of soda over six quarts of figs and add one gallon of boiling water. Allow the figs to stand in the soda bath for five minutes. Drain and rinse thoroughly. Bring two quarts of sirup, made by using three pounds and nine ounces sugar to one gallon of water, to boiling and add the well-drained figs. If desired the amount of sugar may be reduced, but it is not advisable to attempt the canning of figs without any sugar at all. Allow the fruit to boil in the sirup for one hour. Place the fruit carefully in the jars and then fill to overflowing with the sirup. Partially seal jars. Boil (process) quart jars for 30 minutes in water bath. Seal. When cold test jars for leaks. Store in a cool, dark, dry place.—United States Department of Agriculture.

Good Explanation.

Bob is attending the kindergarten. One of the children asked why it was that men take their hats off and women leave theirs on. The teacher explained that it was a custom, but that didn't seem to satisfy Bob, who said: "I know; because men are nice, but girls are nicer."
